Designated Prescribing Practitioner (DPP) Training Course — Now Open for Booking

Book Here: https://forms.office.com/r/ecnqcfcfcf

Collaborative session for North East, North Central, South West and South East cohorts, we are pleased to announce a new DPP training course supporting the development of supervisors who for those working with foundation nurse pharmacists and non-medical prescribing trainees. The course is open to all professional groups involved in prescribing supervision and has been designed to support a wide range of clinical settings and professional backgrounds.

- Session 1 – Tuesday 12 May (Wednesday 13 May)
- Session 2 – Tuesday 9 June (Wednesday 10 June)
- Session 3 – Tuesday 1 July (Wednesday 2 July)
- Session 4 – Tuesday 5 June

Sessions are linked, Recording available 1 May 2026.
For further information contact Paul Norwood at p.norwood@nhs.net or Jim Ali at jimalim@nhs.net

Please share this information with your colleagues who may be interested in this course and encourage them to complete the expression of interest form.

We are pleased to share details of the Quality Improvement in Primary Care 2026 Accelerator — for Practice and PCN Managers.

Each session runs on a Thursday morning from 9.00-12.30 and covers a different aspect of quality improvement in primary care, with practical tools and approaches you can apply directly to your setting. Sessions can be attended individually, so please book only those relevant to you.

Please see poster for more details.

Harrow Training Hub are pleased to invite colleagues to this masterclass exploring the CRM model

Wednesday 29th April 2026 | 1:00 – 4:00 pm | Harrow Council Hub, Kenton
NWL Cardiovascular-Renal-Metabolic (CRM) Masterclass

Join us for a practical masterclass on the cardiovascular-renal-metabolic (CRM) interactions, featuring clinical case-based learning across three modules. Clinicians from primary care, hospital medicine, diabetology and dietetics will explore how to recognise CRM presentations, assess risk, and decide when to escalate or refer.

The session will cover: diabetic kidney disease (eGFR/UACR risk assessment, SGLT2i prioritisation, and the indications and monitoring for statins, ezetimibe and inclisiran, GLP1RAs, multimorbid diabetes, metabolic dysfunction-associated steatotic liver disease (MASLD/MASH) and cardiorenal metabolic risk.
The session will also support strengthening clinical decision-making within the CRM model and using CRM data for MDT discussions.

Stroke & TIA Update for General Practice Lunchtime webinar

Tue, 28th May 2026 | 12:30-13:30 | Register to Attend via MicroSoft Teams
Dr Tunde Jarvis, stroke consultant and head of stroke services at Charing Cross Hospital will deliver this bespoke webinar in collaboration with the Training Hub to GP practice and PCN teams in North West London.

Cytrom Training Hub Training – Further Cohorts Now Scheduled

Further cohorts of the Cytrom Training Hub programme are now scheduled for Autumn 2026. Applications are now open for GPs, Practice Nurses and **HCPs involved in asthma and COPD chronic disease management. Please note that bookings from Healthcare Assistants and Nursing Associates will be accepted**
only if they are booking alongside a GP or Practice Nurse from the same practice. Participants who have successfully completed the training, you can let them know that **we have placed on the waiting list and will be contacted closer to the date you last completed.**
Please book with your two strength cohort only. The Strength cohorts are currently available, with remaining bookings to be advertised as soon as they are released by NHS ICS. Cytrom Training Hub Cohorts:

GP Nurse Trainee Recruitment 2026-2027- Now Open

Are you a Practice Nurse in North West London? Do you want to develop your skills in diagnostics and on-going training for prescribers to have a trainee for 2026-2027? This is an ideal opportunity for practice nurses to develop a nurse from within – whether to expand or existing team or plan ahead for a retirement or leaver, with a view to longer term employment.
Please contact Jim Ali at jimalim@nhs.net for more information and to discuss requirements relevant to your Primary Care Network.

- Vaccinations in line with National Immunisation Programmes.
- Sexual Health screening, Contraception, Cervical Screening and Colposcopy (smear).
- Travel Health & Vaccination
- Management of patients with long term conditions such as Asthma & Diabetes.
- Teaching skills to work with and supervise within the Multi disciplinary team.
- Population Health & Prevention training.

NWL Training Needs Analysis Survey — Now Live

Open until Friday 1st May 2026 Complete the survey here: >> NWL TNA Survey >> Teamnet

The NWL wide Training Needs Analysis (TNA) survey is now live and open to all staff. It takes approximately 7 minutes to complete and would really appreciate you taking the time to fill it in and share your information — your responses will directly help us understand what training is needed and tailor our offer accordingly.

We are particularly keen to hear from those who have not completed previous training needs analysis surveys, as this will ensure the information we receive reflects the better picture across the system.

Motivational Interviewing: for Cardio-Renal Care - Live Online Interactive Study Day

- 14 May, 9:00 - 16:00 Book here
- 21 May, 9:00 - 16:00 Book here
- 28 May, 9:00 - 16:00 Book here
- 4 June, 9:00 - 16:00 Book here

This study day is for healthcare professionals **and Allied Health Professionals, Cardio-renal teams (clinical & non-clinical)**. If you spend your time letting people and their families/carers make changes to their lifestyles, this study day is for you. Motivational Interviewing is a person-centred approach to enhancing motivation and confidence to make changes. It is a way to help people explore their own motivations and ambivalence towards change. **Motivational Interviewing is a key skill for supporting people with long term conditions such as Hypertension, Hypertension & Cholesterol, Blood Pressure Management, Diabetes, Kidney Disease, Heart Failure, Cardiovascular Disease, Stroke and Transient Ischaemic Attack (TIA) and Cardiovascular Risk Management.** Please note this course will be delivered over a minimum 3hr of those sessions, so please only apply if it is relevant to your daily practice due to being a Cardiovascular Disease Prevention Lead.

The Live Interactive Health Coaching course runs regular Health & Wellbeing Coaches now to role, this will be available as please email directly to enquire about availability.

To apply for a space please complete the EOI form or if you have any further questions around recruitment, please contact nwl.training@nhs.net
