NEWS

Training | Deep End Opportunities: Health Equity GP Fellowships & LSRU Standalone Module

Two separate professional development opportunities are now open for health and care staff looking to tackle health inequalities and improve care in socio-economically deprived areas.

1. Health Equity GP Fellowship Program (NW London)
- Deadline: Sunday 23 August 2026 (EOI applications to assess Wellness at Jessica Mathewson@nhs.net)
- Read more, Code UK NW Deep End Fellowship, Job description, and application form

A 12 month funded program for NW London GPs, inspired by the successful Glasgow "GPs at the Deep End" scheme and linked with an accredited Master's level module.
Duration: 12 months (2 session per week) 12 months (Sept 2026 - Sept 2027)
Remuneration: £50,000 bursary
Focus: Leadership, quality improvement, QIPP, change methodology training, peer support, mentorship, and a fully funded place on the LSBU Level 7 Depriviation Health Module (40 Master's credits)
Eligibility: Must hold a substantive clinical post within a PCN in NW London facing significant deprivation and not currently be on another fellowship.

2. Standalone LSRU Deprivation Health Module
- Deadline: 28 August 2026
- Read more
- Apply here

Open to clinicians and care staff roles (clinical and non-clinical), this award-winning Master's level module explores how to deliver better care in communities shaped by poverty and inequality. Ideal for those seeking to lead change in deprived areas.
Format: Standalone Level 7 module (London South Bank University)

Training | Infection prevention and control refresher training
Online - 30/09/26 - Book your place via Eventbrite
The NHSE Regional Infection Prevention and Control Team has supported GP practices across four London systems through infection prevention and control (IPC) audits, training, advice and guidance, and would like to thank practices for their engagement, collaboration and commitment to improving infection prevention and control standards.
As part of ongoing IPC support, we are pleased to offer a high-quality refresher training session for practice staff on Wednesday 30 September 2026, 1:1 - 4:00 pm.
This webinar will provide IPC training, advice and support for all staff working in GP practice. Practices can also continue to access support via email for general IPC queries and advice relating to non-facility and infrastructure projects. All questions will be addressed by members of the team in a timely manner.

Survey | NHSE Protecting Infrastructure Project
The North West London Training Hub have been asked to undertake a piece of work in relation to Mapping and Training of current and prospective Designated Prescribing Practitioners (DPP) and based primarily in Primary Care settings.
This piece of work will help to inform and build on capacity for Foundation Pharmacist Learning and independent Prescribing Programmes across different parts of the NHS London Region and beyond, including Designated Prescribing Practitioner Support Development.
If the relevant Healthcare Professionals could complete the linked survey below, which should take approx. 10 mins maximum, if you have been or wish to be a DPP/IPS – This includes Pharmacists, Pharmacist Technicians, Nurses and other roles who are Independent Prescribers. https://forms.office.com/r/ZMCqqCCCCC

Survey | NWL Primary Care Physician Associate Role Survey
Some PAs have started their training and others are in their second year. Given the long review were released. Please complete this survey to help us capture your experience and help ensure our PA workforce is working consistently and within its full scope across the borough we serve!
Please share your views here!

Training:

Oliver McGowan training

Which tier of training you need to attend will depend on the nature of your role and how much you interact with people with a learning disability, autistic people and people with a mental health problem and their family and carers and families. Please ensure you book the right tier for your role.

Tier 1: Staff with **indirect or occasional contact with patients** – i.e. non-patient facing roles.

Tier 1, Part 2 – various dates and times book here £7 per person*

More dates to be confirmed

Tier 2: Staff with **regular or direct contact with patients** – i.e. patient facing roles. This include all staff who work care, support or made decisions. this is not limited to clinical roles.

Tier 2 Part 2 – various dates in person book here £40 per person*

More dates to be confirmed

You are delivering this training using a cost sharing approach. This enables us to support wider staff groups to attend training. We will charge a fee of £7 for Tier 1 and £40 for Tier 2 per attendee.
This year, the Training Hub is able to cover 50% of the training cost to wider access.
Please book booking form for Tier 1 and Tier 2 training. Upon completed, an employers may need to fully fund places in subsequent years.

Enhanced Services and CPD

If all dates are fully booked for a training session please join the waitlist, this allows us to know when there is sufficient demand for us to book new dates.

Membership Departments | Queen's Institute of Community Nursing (QICN)
Leadership Development
As the profession of community nurses evolves, leadership roles are being created in new settings, including Neighbourhood Nursing Business Managers, PCNs, and other nursing colleagues.
Leadership Development
- **Mentorship sessions** – Long-term support for nurses, sessions, 60 / 90 / 120 minutes, and mentoring
- **Innovation webinars** – Showcasing Quality Improvement projects and good practice
- **Peer support sessions** – Reflection, wellbeing, and collaboration

Clinical Supervision Training for GP Nurses
Dates: 2 Sessions, 2 hours each
Clinical Supervision for Practice Nurses Supervised and be paid to run Clinical Supervision Sessions!
We surveyed several senior nurses in primary care in NWL to ask what was missing / what did we need to do to support you in accessing clinical supervision and developing it. Overwhelmingly they asked for Clinical Supervision.
For GPNs to have clinical supervision sessions, we need 15 facilitators – i.e. people to run the sessions. We are looking for GP Practice Nurses who would like to be trained to run Clinical Supervision sessions in their own practice and also offer support to other colleagues / trainees / students. Please note the following information:
- The training is free of charge, however you MUST then agree to run sessions approximately 6-8 months of the year, starting in October 2026 and depending on the number of people who train to be a facilitator in your Borough.
- The training would be monthly and online, and you would be paid £50 per session (each session would last approximately 2 hours including preparation).
- Above, who is running the training sessions, will also try to attend your first session to help / support you, if possible.
- 2 D people per Borough will be able to access the training and then they will share the running of the sessions, so it will not be too much for one person.
- To apply to be the training, please click on the link and answer the relevant questions. We will make the answers and time of applying which will help to inform us to decide who does the training.
- Please note that booking for the training will be through the Training Hub booking process.

Travel Health Updates
- 17 November, 13:00–16:00 book here spaces available

Other Training & Events - not run by NWL Training Hub

Free RCGP London Webinars | Supporting patients experiencing gambling harm
- Thursday 01 October: 12.30 - 14.45 Book your place
- Tuesday 03 November: 12.30 - 14.45 Book your place

Clinicians are experiencing gambling harm in their daily practice. Gambling related harm affects approx 0.5-0% compared with 24% nationally. Primary care teams are in a unique position to identify gambling harm and provide therapeutic interventions to support their patients.

Join us for these free RCGP webinars, where Dr Emma Ryan, RCGP Clinical Champion for Gambling Harm, will provide practical guidance on identifying, assessing, and supporting patients experiencing gambling harm.

Learn how to:
- The NICE guideline on gambling related harms (January 2025)
- Use the Gambling Harm Screening Tool (GHST)
- Gambling harm affects gambling users and their families, and can affect fully working, social inferior pathways and support services across London.
- Practical tools and resources to support primary care teams to identify and address gambling harm.
- Become a Gambling harms Accreditation Champion

Fellowship in Health Care Ethics (FHCE) Course
Centre for Health Care Ethics, Dates: 2 Sessions, 2 hours each
Facilitate collaboration, recognising your practice's commitment to improving the implementation and sustainability of ethical decision-making.

Who should attend?
- Clinical leaders, clinical pharmacists, social prescribers, health and wellbeing coaches

Training | Building Strategies Communicating Social Support Skills Development session—Online FTF
- Session One – 02 Sept 2026
- Session Two – 16 Sept 2026

Central London Community Healthcare Trusting Hub is offering a learning opportunity for staff who are interested in developing skills in supporting patients with Long Term Physical Health Pain. The session will explore key theories including Implicational Cognitive Therapy, Acceptance and Commitment Therapy and Motivational Interviewing as a framework for leading local change. Designed for those involved in commissioning, transformation and service delivery, the session will explore how to support staff and patients experiencing long-term pain, and understanding their role in developing local health and care systems.

Find out more and register your interest via the training hub webpage. Please note this date hasn't been confirmed.

Training | NHS Resolution webinar on women's health
- Wednesday 30 September 2026, 1:30 - 2:30pm Register for this event via Eventbrite

Join us for a free information session on NHS Resolution's best practice, advice and patient safety in women's healthcare in the NHS. The event aims to spotlight challenges and opportunities in women's healthcare, including maternity services, gynaecology and sexual health services. Clinicians and healthcare professionals from primary care and maternity services can expect to transform women's health services across the NHS.

Free NI Ambassador Network: Join the Movement webinar
- 11 August, 12:00 - 13:00 book here
- 12 August, 12:00 - 13:00 book here

Welcome to the NI Ambassador Network – a collaborative future for healthcare professionals with an interest in Nutrition and Hydration. Join a dialogue within healthcare on nutrition and share practical application of NI.
Led by Dom Cushman (Dietetic Director for JC, Joint Policy Unit, NHS England and Chair of the NI Ambassador Network), this session will explore how we can collaboratively build a community of practice, the pathway of the Ambassador Network, and how it provides a safe, inclusive space for members to get involved and influence long-term system change.
Supporting Flourish Lives

Kidney Talks: short, interactive online training sessions
- Various Dates starting from 12 August 2026 – register here
- **Kidney Talks: Introduction to Kidney Disease Awareness** – **monthly**
- **Kidney Talks: Introduction to Kidney Disease Awareness** – **monthly**

healthcare professionals with an interest in kidney health.
Kidney & Pain, Kidney, Rheumatology, Pre-kidney & primary care.

Registration is now open for the 4th Annual Kidney Workshop
Wednesday 14th of October 2026 09:30 - 17:00 Kidney Care UK, Spaces, Pharmacists, PA's

Training | Stress Free Benefits from Treatment?, will explore the management of chronic kidney disease within the wider context of cardio-renal metabolic medicine. Kidney disease is a common, progressive condition that affects many people. Its prevalence and impact are underestimated by clinicians and patients. The workshop also provides an excellent opportunity to share best practice and strengthen collaboration across local primary care networks. Kidney disease is a common, progressive condition that is underpinned by CKD pathophysiology. Attendance is in-person only, and registration will be offered to a first come, first served basis.

Free Online CPD Webinar: Long Term Conditions and Mental Health: Lessons from Lived Experience
- 12 August 2026 | 12:00 – 13:00 book here

Long Term Conditions Management Programme, Mental Health Programme, Primary Care Network (NW) Community of Practice (CoP), supporting the NHS England Patient Safety Commissioning Framework, Lived Experience Leadership Programme, Leaders for Improvement Fellowship Programme, Patient Safety Leadership Programme

This safe, supportive space brings together system partners to share best practice, discuss transformational challenges, and reflect common issues affecting people with serious across capacity. This third session will be held on **Wednesday 30 September, 10:00 – 12:00**. Hosted by the Long Term Conditions Leads for Centre, LCC Partners, NHS South London and Hospital Care Providers.
