

GPN Trainee opportunity for **YOUR** Practice - recruiting now!

Changing the culture of GPN Recruitment and Training

Evidence from the Sonnet Report and the Fuller Report demonstrate the challenges facing General Practice Nursing, this is supported by local workforce data.

Our aim is to provide a pipeline of future GPNs and develop new to General Practice Nurses, through offering **you** the opportunity of employing a GPN Trainee at **your Practice**, whilst they undertake the funded one year GPN Academic Training Programme.

- ✓ Directly address the critical shortage of GPNs across NW London
- ✓ Directly address the barrier to Practices being able to recruit to GPN vacancies
- ✓ Provide a supportive training Practice
- ✓ Establish value in the Supervisor and Assessor role

- ✓ Ensure standardised education, supervision and competency levels for NWL GPN training and recruitment
