

# NHSmail for PCNs

- PCNs are now eligible to join NHSmail in their own right. This will give them standard licences, enabling access to Office Online products, 4GB mailbox and 2GB OneDrive storage.
- PCNs can look at guidance below.
- PCNs should be able to self-manage themselves without LA involvement from other organisations, but of course local arrangements with NWL ICB can/will still be supported once set up.

If you think your PCN qualifies (or if you have any questions about your eligibility to use NHSmail), then please:

- o Read and sign the [NHSmail Access Process Document](#)
- o Send the completed form to [feedback@nhs.net](mailto:feedback@nhs.net)

Link to the guidance:

[Registering a Primary Care Network \(PCN\) – NHSmail Support](#)
