

Register with a GP surgery: Trinity Court (Demo), Leeds

Use this service to register with a GP surgery for the first time or to change your current GP surgery.

If you think you need medical help right now visit [NHS 111 online](#).

If you are already registered with a GP surgery you can access some health and prescription services using [NHS online services](#).

How long it takes

It takes around 15 minutes to complete a registration. You need to complete the process in one session. If you are registering more than one person make sure to give yourself enough time.

Your chosen GP surgery should register you within 2 weeks of receiving your details.

If you are registering more than one person

For multiple or family registrations you need to complete a registration for each person before submitting them all at once.

If you are registering children under the age of 16 years it is important that you register yourself first.

Before you start

You do not need your NHS number, but it could make registration easier.

We may ask you for:

- details of previous GP surgery
- basic health and medical information

The information you provide will be used to identify the correct medical records. It will also help the GP surgery to offer relevant and appropriate healthcare services.

[Start now](#)

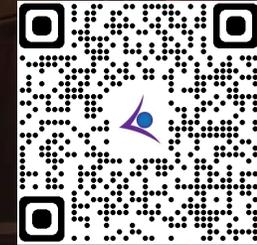

Other ways to register

- Fill in the [Register with a GP surgery paper form](#) (PDF, 199 KB, 8 pages) and take it to the surgery you want to join.
- Contact the surgery you want to join directly.

You can view [guidance about how to register with a GP](#).

By using this service you are agreeing to our [terms of use](#) and [privacy policy](#).

Renew or replace your adult pass x +
https://www.gov.uk/renew-adult-... A

GOV.UK

Home > Passports, travel and living abroad > Passports

Renew or replace your adult passport

Contents

- Overview
- Renew
- Replace a lost, stolen or damaged passport

Renew

You must renew your passport before you can travel if either:

- your passport has expired
- you do not have enough time left on it

How much time you need on your passport depends on the country you're visiting. [Check the entry requirements of the country you want to travel to.](#)

There are different rules if your [passport is lost, stolen or damaged](#) or you need to [change your name or personal details](#).

If your passport is burgundy or has 'European Union' on the cover, you can still use it as long as it's valid for travel.

Renew online

Use this service to renew your passport online. It costs £75.50.

You'll need:

- a [digital photo](#)
- a credit or debit card
- your passport

[Renew online >](#)

Tax your vehicle - GOV.UK x +
https://www.gov.uk/vehicle-tax A

GOV.UK

Home > Driving and transport > Vehicle tax, MOT and insurance

Tax your vehicle

Tax your car, motorcycle or other vehicle using a reference number from:

- a recent reminder (V11) or 'last chance' warning letter from DVLA
- your vehicle log book (V5C) - it must be in your name
- the green 'new keeper' slip from a log book if you've just bought it

If you do not have any of these documents, you'll need to [apply for a new log book](#).

You can pay by debit or credit card, or Direct Debit.

You must tax your vehicle even if you [do not have to pay anything](#), for example if [you're exempt because you're disabled](#).

You'll need to meet all the [legal obligations for drivers](#) before you can drive.

This service is also available [in Welsh](#).

[< Go back](#)

Step 2 of 3 - Personal Details

Are you registered with the Defence Medical Services?

You may be registered with the Defence Medical Services (DMS) if you or a family member were in the UK armed forces and this is the first time you are registering with an NHS GP since you or they left service.

- Yes
- No

Why are you asking this?

This helps us understand where to request your medical records from.

If you have previously been a member of the UK armed forces you may also be able to access additional services for former service members.

Continue

Would you like to [give feedback \(opens in new tab\)](#) about this page?

[< Go back](#)

Step 2 of 3 - Personal Details

Leaving the Defence Medical Services

Depending on your type of service or your relationship to a former member of the armed forces you may need to do one of the following when you leave the Defence Medical Services (DMS):

- **Former regulars**
You should have been given a FMED133A form (sometimes called an FMED1 form) when you left the UK armed forces. You should give this to your GP at the earliest opportunity. Your GP will then arrange for your records to be transferred.
- **Former reservists**
If you had previously received healthcare from the DMS you should have been given an FMED133A form. If you haven't receive one and think you should have you can follow the [NHS Step by step guide for service leavers](#).
- **Family of former members of UK armed forces**
You should inform your GP surgery who will arrange the transfer of your medical records from the DMS.
- **All other former regulars and reservists**
If you have previously been in the UK armed forces, but your care has recently been with an NHS GP, your records will be transferred from your previous GP to your new one.

Step 2 of 3 - Personal Details

Have you recently moved to the UK from another country?

Anybody in England can register with a GP surgery and receive free primary medical care. To get free secondary NHS healthcare in England, such as a referral to hospital, you need to be "ordinarily resident" in the UK. This may require you to have indefinite leave to remain in the UK or status under the EU Settlement Scheme.

You may be exempt from paying for most secondary NHS healthcare, for instance if you have paid the Immigration Health Surcharge or you are a refugee, asylum seeker or victim of modern slavery.

Some hospital care, such as treatment for infectious diseases or types of violence, is free for all.

[< Go back](#)

Step 3 of 3 - Health questions

Do you want important information from your GP record to be available to other health and care professionals?

Your GP surgery needs permission to share important information from your GP record. This is called a Summary Care Record (SCR). Your SCR can only be shared with health and care staff across England who are providing you with direct care. It gives them access to vital information from your GP record.

- Yes, share a Summary Care Record with additional information
Includes details of your medicines, allergies, adverse reactions and additional information, which includes details of any significant illnesses and health problems, operations and vaccinations
- Yes, share a Summary Care Record without additional information
Includes details of your medicines, allergies and adverse reactions only
- No, do not share a Summary Care Record
Details of your medicines, allergies, adverse reactions and any additional information will not be shared with anyone involved in your direct care

Find out more about [Summary Care Records \(opens a new tab\)](#) and what is included in ['additional information' \(opens a new tab\)](#).

It is not compulsory for you to select any of these options. If you choose not to then your SCR consent preference held at your previous GP surgery will be transferred to your new GP surgery.

Register with a GP surgery

https://gp-registra...

NHS Register with a GP surgery

Register with a GP surgery: Blackfriars Medical Practice, London

Use this service to register with a GP surgery for the first time or to change your current GP surgery.

If you think you need medical help right now visit [NHS 111 online](#).

If you are already registered with a GP surgery you can access some health and prescription services using [NHS online services](#).

How long it takes

It takes around 15 minutes to complete a registration. You need to complete the process in one session. If you are registering more than one person make sure to give yourself enough time.

Your chosen GP surgery should register you within 2 weeks of receiving your details.

If you are registering more than one person

For multiple or family registrations you need to complete a registration for each person before submitting them all at once.

If you are registering children under the age of 16 years it is important that you register yourself first.

Before you start

You do not need your NHS number, but it could make registration easier.

We may ask you for:

- details of previous GP surgery
- basic health and medical information

The information you provide will be used to identify the correct medical records. It will also help the GP surgery to offer relevant and appropriate healthcare services.

Start now

Other ways to register

- Fill in the [Register with a GP surgery paper form](#) (PDF, 199 KB, 8 pages) and take it to the surgery you want to join.
- Contact the surgery you want to join directly.

You can view [guidance about how to register with a GP](#).

By using this service you are agreeing to our [terms of use](#) and [privacy policy](#).

Would you like to [give feedback \(opens in new tab\)](#) about this page?

'Register with a GP Surgery Service' integrated with NHS App

Over 33.6 million patients (3 in 4 adults) registered with NHS App

Demo Video

<https://youtu.be/TiiEAYldmlg>

How to register with a GP surgery

To register yourself or someone else with a GP surgery, fill in this form and give it to the surgery you want to register with.

You should:

- use a 'tick' or 'x' for boxes where necessary
- complete all sections that apply to you or the person you are registering
- provide as much information as possible
- use BLOCK CAPITALS
- if you cannot answer a question or it does not apply write 'Not applicable' or 'N/A'
- only use black or blue ink
- ask at the reception desk of the surgery you want to register with if you need help completing this form

Which sections should be completed?

- Part A - all sections that apply.
- Part B - this section is optional, but will help the GP provide the best care.
- Part C - only complete these sections if you do not normally live in the UK.

You may be contacted by the GP surgery if you do not complete all the relevant sections.

Register online

It is quick and secure to register with a new GP surgery online. Check the website of the surgery you want to register with for a link for the 'Register to a GP surgery' service.

PART A

Try to provide as much information as possible. If a question does not apply to you or the person you are registering write 'Not applicable' or 'N/A'.

Section 1 - Who is registering?

1 Are you registering

Yourself (Go to Section 2 - Patient details) Someone else

Only provide your details if you are registering someone else.

2 Your name

3 Your relationship to the person you are registering

4 Your contact phone number

i You can help save lives as a blood or organ donor. Become someone's lifeline. Visit www.nhsbt.nhs.uk/lifeline or call us on 0300 123 23 23.

Section 2 - Details of patient registering

1 Title

2 First name

3 Last name

4 Middle name (if you have one)

5 Previous last name

6 Date of birth DD MM YYYY

7 What is your sex as recorded on your NHS record?

Female Male Intersex

Not specified or known

8 NHS number (if you have it)

9 Village, town or city of birth

10 Country of birth

11 Current address

Postcode

No fixed address

12 What postcode did you give to the last GP surgery you registered with?

13 Name and address of UK GP surgery you registered with

Postcode

14 Have you ever lived somewhere else in the UK?

Yes No

15 Last address in the UK

Postcode

The NHS and your GP surgery can use these details to call, text or email you about health care services. All phone numbers must be registered in the UK.

16 Home phone number

17 Mobile phone number

2 Have you registered with a UK GP before?

- Yes No

3 If you have moved to the UK, what date did you arrive?

4 Have you ever served in the UK Armed Forces or were you ever registered with a Ministry of Defence GP in the UK or overseas?

- Yes No Prefer not to say

If you were given a FMED133A form (sometimes called an FMED1 form) when you left the UK Armed forces, you should give this to your GP surgery.

5 Do you need an interpreter for your appointments?

- Yes No

6 What language?

British Sign Language (BSL)

7 Are you a carer?

- Yes No

8 What is your relationship to the person you are caring for?

9 What type of carer are you?

- Young carer, under 18 Paid as a job
 Unpaid, but may get benefits Foster carer

10 Do you have a carer?

- Yes No

11 What is your relationship to your carer?

12 What type of carer are they?

- Young carer, under 18 Paid as a job
 Unpaid, but may get benefits Foster carer

13 Carer's contact telephone number

14 What pharmacy do you want your prescriptions sent to?

Pharmacy address

Postcode

You can sometimes collect your prescription items from your GP surgery instead of having to go to a pharmacy. Your surgery may discuss this with you

15 Do you live more than 1 mile from your nearest pharmacy?

- Yes No

16 Would you have serious difficulty getting medicines or appliances from your nearest pharmacy?

- Yes No

Do you want important information from your GP record to be available to other health and care professionals?

Your GP surgery needs permission to share important information from your GP record. This is called a Summary Care Record (SCR). Your SCR can only be shared with health and care staff across England who are providing you with direct care. It gives them access to vital information from your GP record.

- Yes, share a Summary Care Record with additional information
Includes details of your medicines, allergies, adverse reactions and additional information, which includes details of any significant illnesses and health problems, operations and vaccinations
- Yes, share a Summary Care Record without additional information
Includes details of your medicines, allergies and adverse reactions only
- No, do not share a Summary Care Record
Details of your medicines, allergies, adverse reactions and any additional information will not be shared with anyone involved in your direct care

PART C

Section 6 - Patients from abroad

Complete this section if you are:

- visiting the UK and do not normally live here.
- currently living in the UK, but do not think of it as your permanent country of residence. For example, you are studying here or have come to the UK as part of your job.
- a permanent resident in the UK and receive a pension or benefit from a European country.

Information on eligibility to free care outside the GP practice

Anyone can register with a GP practice and receive free medical care from that practice. However, should you be referred for treatment outside the practice or need unplanned care, for example at a hospital, charges may apply if you are a visitor or temporary resident.

Some groups of visitors or temporary residents are eligible to receive this care free of charge. Documentation may be required to demonstrate eligibility.

Examples of those eligible include:

- refugees, asylum seekers, those receiving certain forms of state support
- suspected or confirmed victims of modern slavery and human trafficking
- temporary residents with a valid visa of over 6 months. You may have paid the immigration health surcharge with your visa application. Note that assisted conception services remain chargeable to this group
- visitors from the EEA will need to provide their EHIC (European Health Insurance Card), which covers immediately necessary unplanned treatment, or a S2 form which covers planned treatment.

Additionally, some services are free of charge to all visitors, including diagnosis and treatment for infectious diseases and sexually transmitted infections.

Immediate necessary care, maternity care and other urgent care that cannot wait until a chargeable visitor's departure from the UK will not be withheld or delayed due to charges. But non-urgent treatment will not be given until full payment is received.

More information can be found in the patient leaflet available from the GP practice.

Select the statement that applies to you

- I understand I may have to pay for NHS treatment outside of the GP practice.
- I do not have to pay for NHS treatment outside of the GP practice and have documents to prove this.
- I do not know if I have to pay for treatment.

PART C

Section 6 - Patients from abroad (continued)

Giving us this information means that if you need NHS care outside the GP practice and you are entitled to that care without charge, it will be easier for you to demonstrate this entitlement.

We'll use the information to establish your chargeable status in order to recover NHS costs from countries responsible for your healthcare where applicable. This will not impact your entitlement to register with the GP practice or to receive free GP services.

1 Tick one of the following

- I have an S1 form issued by an EU or EEA member state
- I am in receipt of a European pension or benefit
- I am entitled to an EHIC card, but I do not have one
- I am in the UK as part of my employment
- I have an EHIC card issued by an EU or EEA member state
- None of these

Enter details from your EHIC

1 Country code

2 Name

3 Given name

4 Date of birth DD MM YYYY

5 Personal identification number

6 Identification number of the institution

7 Identification number of the card

8 Expiry date DD MM YYYY

How will your EHIC and S1 data be used?

By using your EHIC for NHS treatment costs your EHIC data and GP appointment data will be shared with NHS secondary care (hospitals) and NHS Digital solely for the purposes of cost recovery. Your clinical data will not be shared in the cost recovery process. Your EHIC or S1 information will be shared with Business Service Authority for the purpose of recovering your NHS costs from your home country.

Latest uptake data:

<https://digital.nhs.uk/services/register-with-a-gp-surgery-service/service-uptake-information>

Uptake Data

Benefits for Practices

Reduces practice burden from registrations

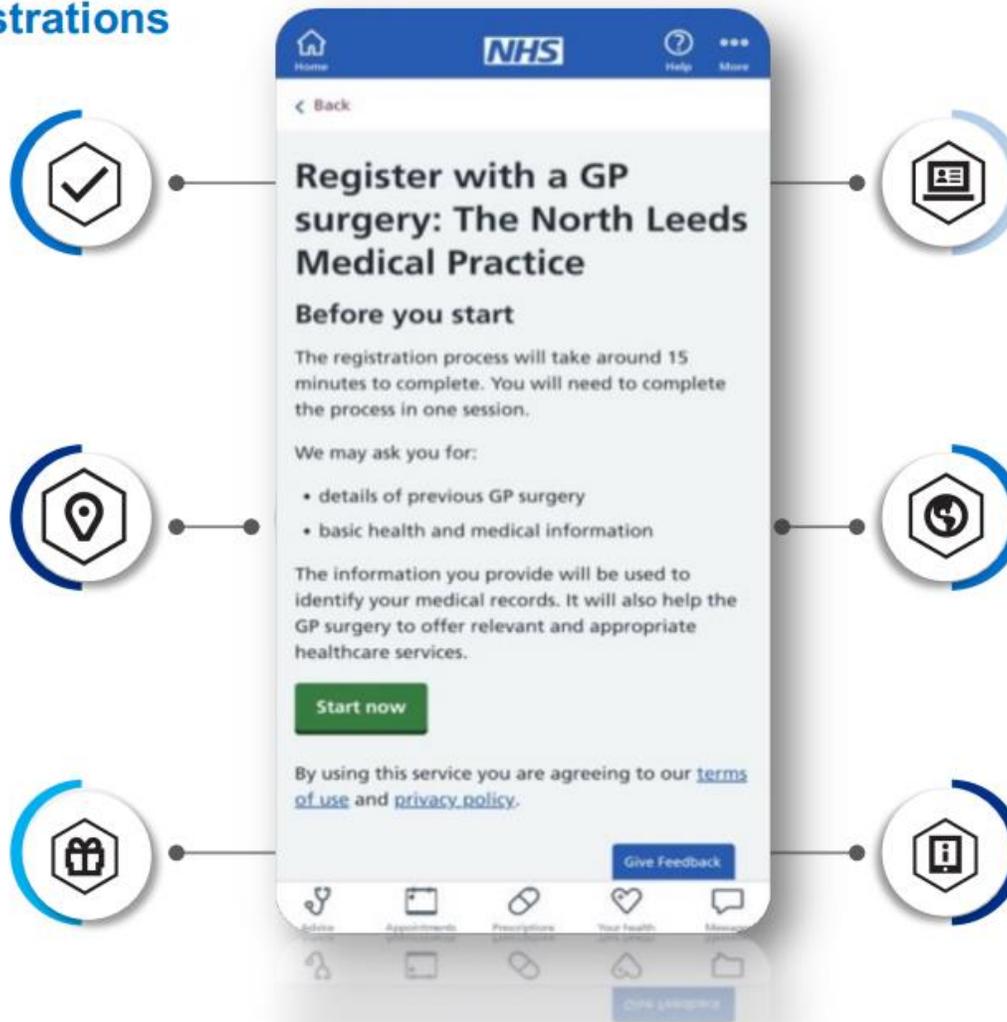

- ✓ **90%** applications include an **NHS Number** - reducing practice time to identify patients and creating less duplicates or confused patients.
- ✓ Patient's identity can be validated through **NHS login**
- ✓ Our service has **3x fewer exceptions with PCSE vs other services**
- ✓ Handles visitor and migrant paperwork
- ✓ **Speeds** up registration time (even with manual data entry)

Catchment Area Checks

- ✓ Reduces inappropriate registrations by use of catchment area checks (**eDEC**)
- ✓ Practices easily notified if applicant is out of area so they can quickly accept or reject registrations

Supports Automation

- ✓ Compatible with 3rd party **Robotic Process Automation (RPA)** services to reduce patient registration time
- ✓ **80% of registrations can be automated** and processed in **less than a minute** (optional add-on)

Accessible to All

- ✓ Piloting the **new paper form** equivalent, combining GMS1 and New Patient Health Questionnaire
- ✓ Meets accessibility standards
- ✓ Compatible with browser translator services
- ✓ Patients can register using **practice website, NHS App** and find enrolled practices using 'Find a GP'

GP Feedback driven roadmap

- ✓ Question set developed in collaboration with GPs
- ✓ Continuously looking for opportunities to improve the service

Free to use and easy to join

- ✓ Centrally provided by NHS England at **no cost** to practices
- ✓ Just **5 minutes** to get started!

GP Contract 2024/2025

Classification: Official

To: • All GP practices in England
• Primary care networks:
clinical directors

cc: • Integrated care boards:
• Primary care leads
• Chief executives
• NHS England regions:
regional directors
regional directors of commissioning
regional directors of primary care
and public health
regional directors of primary care

NHS England
Wellington House
133-155 Waterloo Road
London
SE1 8UG

28 February 2024

Dear colleagues,

Arrangements for the GP contract in 2024/25

The contract consultation for 24/25 has now concluded and I am writing to inform you of the final arrangements for the upcoming financial year.

General practice is central to the NHS, and the hard work of GPs and primary care staff is hugely valued and appreciated. Over the course of the last year, NHS England and the Department of Health and Social Care have listened closely to the views of the profession and patients and have worked hard to address these in the GP contract where possible. We have heard loud and clear the need for simpler and more flexible arrangements, which help practices free up time and improve patient access and experience.

In response to what we have heard, from April we will:

1. **Cut bureaucracy for practices** by suspending and income protecting 32 out of the 76 Quality and Outcomes Framework (QOF) indicators. The Investment and Impact Fund (IIF) indicators will be reduced from five to two and the Capacity and Access Payment (CAP) will increase by £46m to £292m by retiring three Investment and Impact Fund (IIF) indicators.
2. **Help practices with cash flow and increase financial flexibilities** by raising the QOF aspiration payment from 70% to 80% in 2024/25 and the Capacity and Access Improvement Payment (CAIP) will now start to be paid at any point in the year, once PCNs confirm they meet the simple criteria for payment.

Publication reference: PRN01111

12. This data will be used by ICBs and NHS England to support service improvement and planning, for example:

- better insight into patient demand and access trends which systems can use to support understanding of operational pressure in general practice; and
- better understanding patterns of demand and period of surge activity to inform commissioning of local services.

13. The requirement will come into force from October 2024 to allow practices time to review and understand their own data before it is shared as outlined.

Performers List

14. During the COVID-19 pandemic there was an amendment to the Performers List Regulations that intended to allow doctors other than GPs to deliver primary care services without being on the Medical Performers List (MPL) if they had a prescribed connection to a designated body in the Medical Profession (Responsible Officers) Regulations 2010; or were granted permission to practise as medical practitioners in hospitals owned or managed by such bodies.

15. Flexibilities similar to the COVID-19 amendment will be made permanent. Doctors that are employed or registered with bodies designated by the Medical Profession (Responsible Officers) Regulations 2010 (Schedule, Part 1 only) will be able to deliver primary care services without being on the MPL. There will be a corresponding change to the GP contract regulations.

16. These changes will permit GP practices and PCNs to employ doctors who are already employed, for example, by an NHS trust, NHS foundation trust or health board without the requirement for the doctor to also be registered on the MPL.

17. Supporting guidance will also be issued to clarify that non-GP doctors should not see undifferentiated patients, and that they continue to be required to operate within their sphere of competence.

Registering with a GP

18. NHS England has co-developed a new registration solution with patients and practices to make registering with a GP easier, simpler and standardised. Over 2000 practices have already adopted the solution which consists of an online registration service and a new paper form. Practices will be contractually required to adopt and offer both formats.

19. There will be a mobilisation period with both formats to be in place from October 2024.

Recognising the importance of continuity of care

20. In order to highlight the importance of continuity of care, whilst ensuring practices have flexibility to deliver services to best meet the needs of their patient population, the provisions in the GP Contract Regulations will be amended to explicitly require continuity of care to be considered when determining the appropriate response when a patient contacts their practice.

GP Contract Letter

Impact of Register Online option on 'Find a GP'

Can your practice afford NOT to use the service if your neighbouring practices are?

No other online registration solution will show up on 'Find a GP' as a 'Register online' option

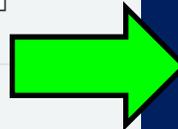

Are patients more likely to chose practices with 'Register online' option?

NHS website –
Find a GP:

<https://www.nhs.uk/service-search/find-a-gp>

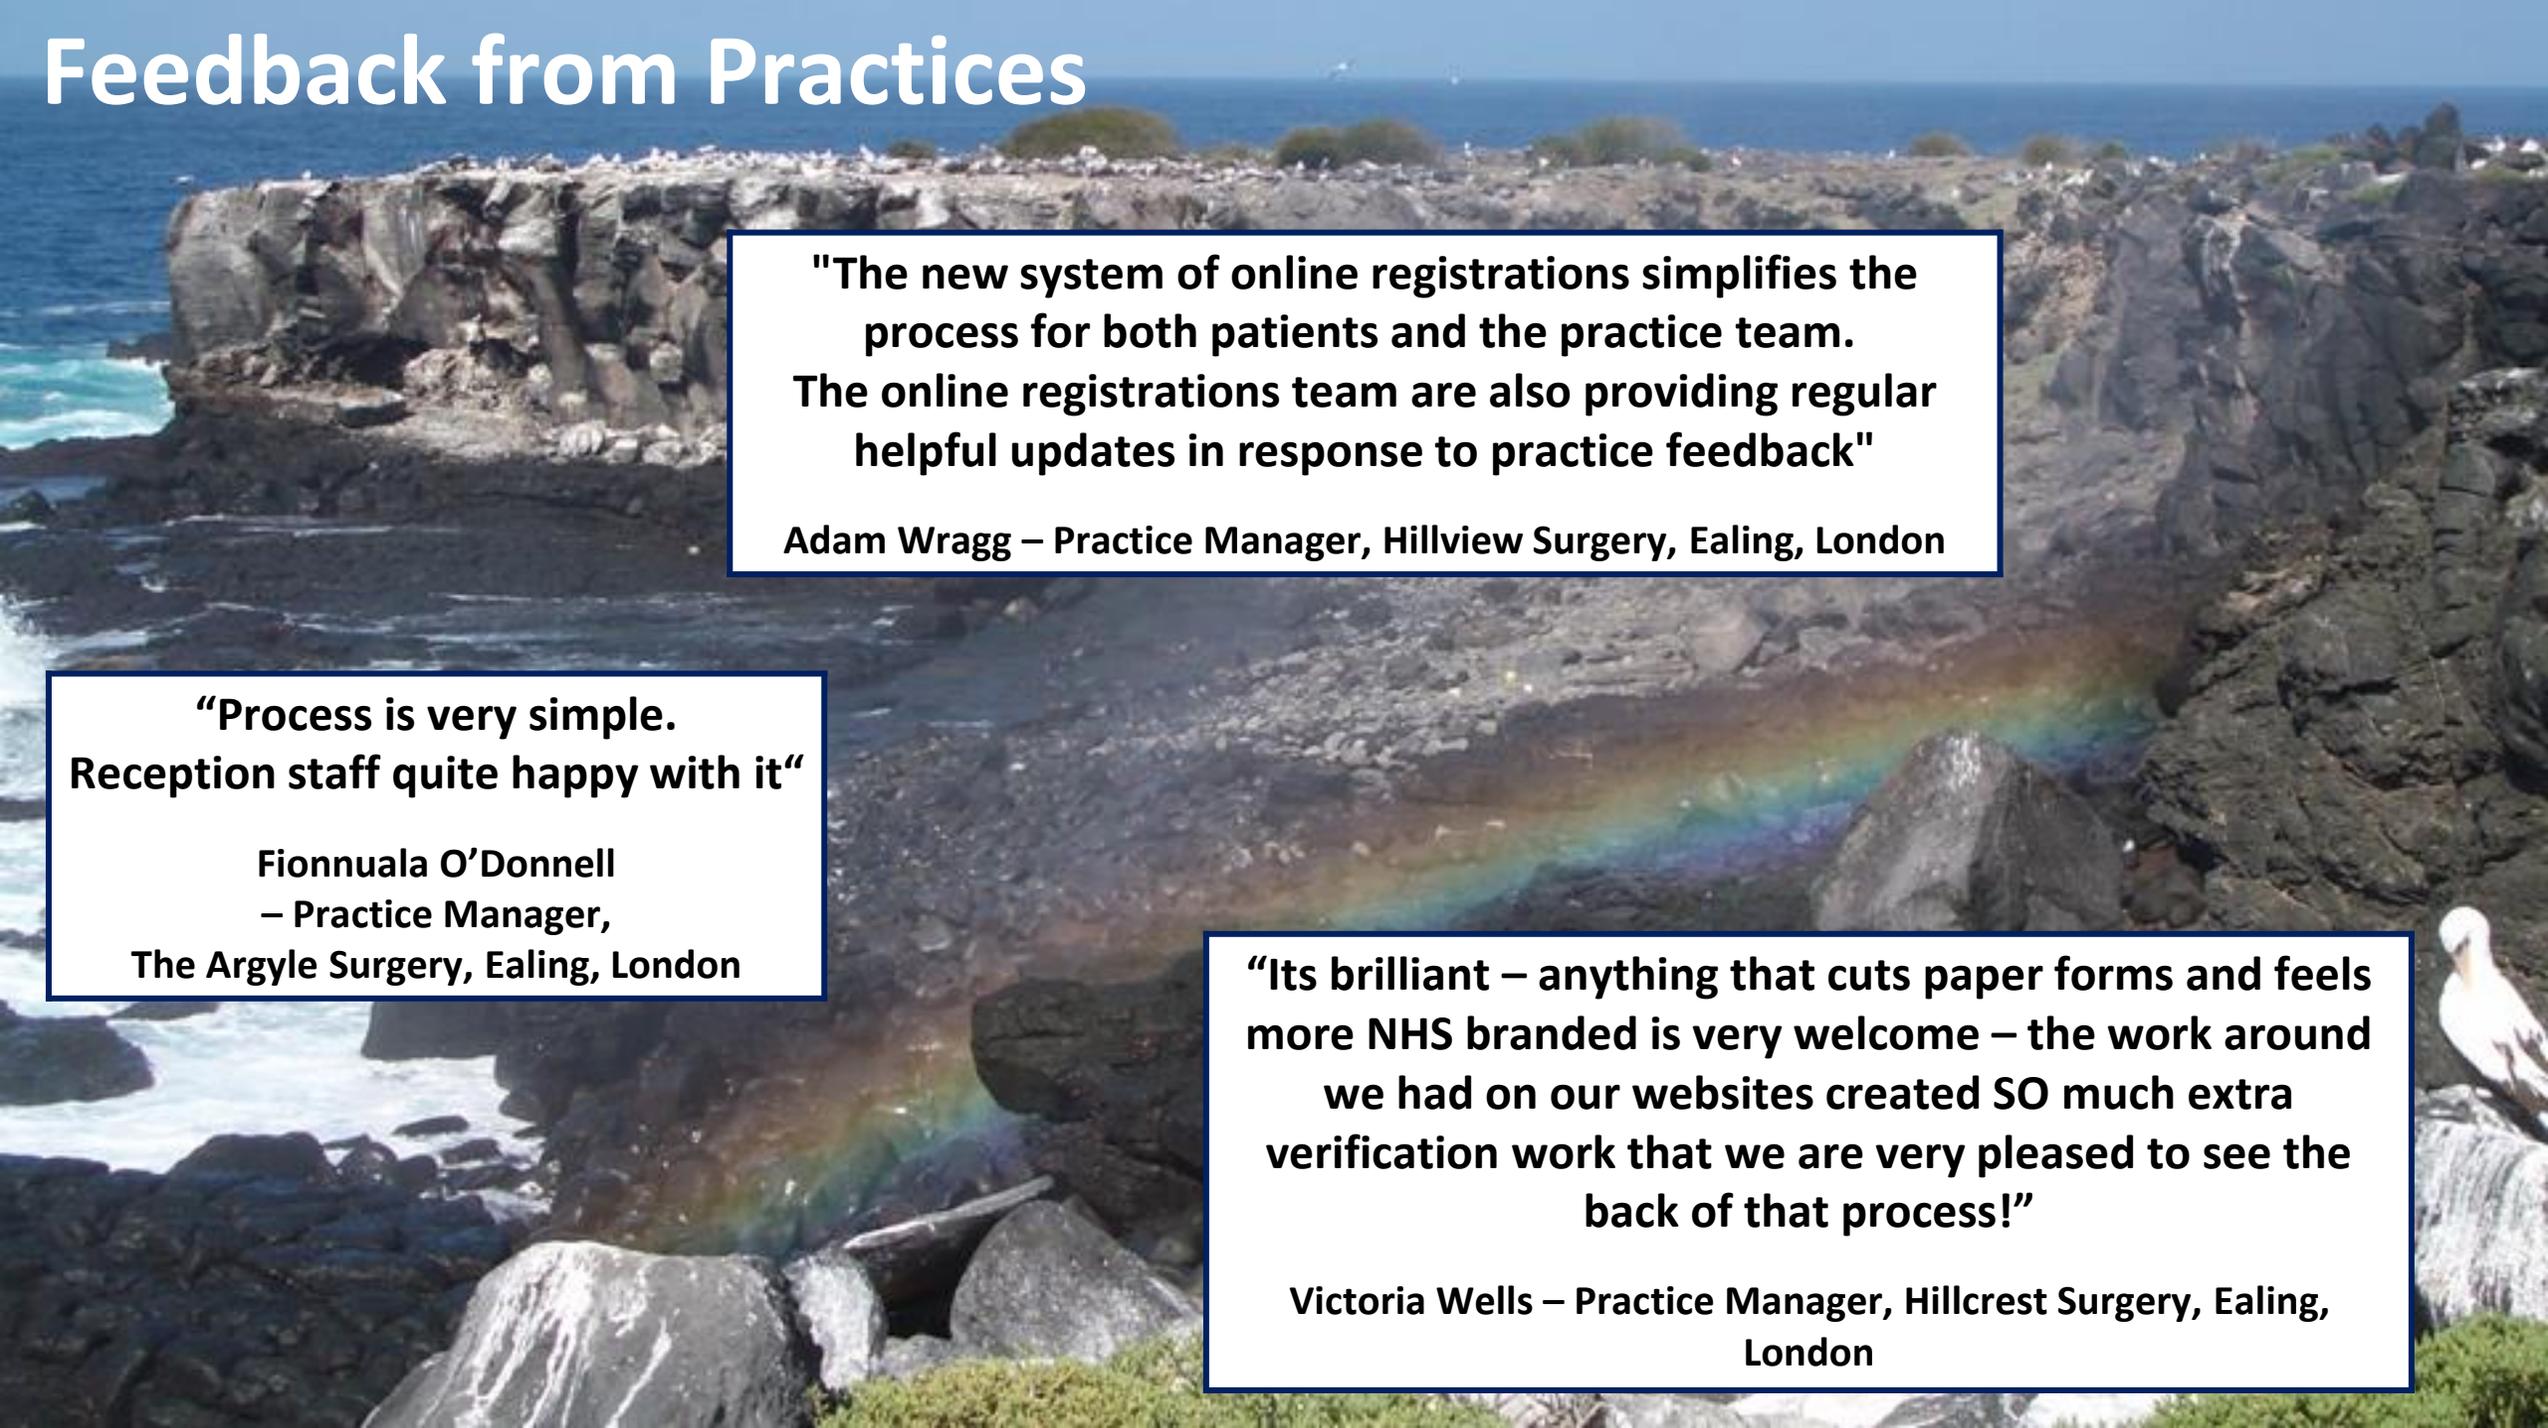

Find a GP

A screenshot of the NHS website's 'Find a GP' search results page. The page title is 'GP surgeries near SE1 8UG'. It shows two results: 'Waterloo Health Centre' (0.2 miles away) and 'Blackfriars Medical Practice' (0.3 miles away). The 'Blackfriars Medical Practice' entry has a red-bordered button at the bottom that says 'Register online with this GP'. The NHS logo and navigation menu are visible at the top.

Feedback from Practices

"The new system of online registrations simplifies the process for both patients and the practice team. The online registrations team are also providing regular helpful updates in response to practice feedback"

Adam Wragg – Practice Manager, Hillview Surgery, Ealing, London

"Process is very simple. Reception staff quite happy with it"

**Fionnuala O'Donnell
– Practice Manager,
The Argyle Surgery, Ealing, London**

"Its brilliant – anything that cuts paper forms and feels more NHS branded is very welcome – the work around we had on our websites created SO much extra verification work that we are very pleased to see the back of that process!"

Victoria Wells – Practice Manager, Hillcrest Surgery, Ealing, London

Feedback from Patients

“ if you had a new born, you could do it online and not have to [bring] the baby out

“ To go physically, you need to think about transportation, fare, how to get there, location,.....it takes out that pressure

“ This is much easier than going into practices to fill a form...you don't even need a printer.

1.2m

patients have submitted a registration (all time)

95%

positive patient satisfaction score

42%

of patients use NHS login

70%

completion rate

12 minutes

average patient completion time

Limitations

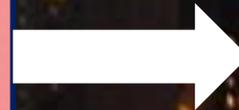

**Standardised Questions:
Unable to customise questions locally**

- Avoids too many onerous questions for patient as barrier to register
- Able to suggest changes to national team
- Variable quality of patient responses
- Practice capacity to use data received
 - GP2GP Transfer of records
- Can still digitally send/receive patient supplementary questions/forms

**NHS Login authentication only:
Patients unable to upload Photo ID / Proof of
Address / Other documents (e.g.
Immunisation History/Records etc)**

- ID/Proof of Address not required to register
- Able to have supplementary local process (e.g. via NHSmail) for patient to send documents to practice

Future Roadmap: Interoperability

- Primary Care Registration Management (PCRM) is replacing National Health Application and Infrastructure Services (NHAIS)
- Similar to how Cervical Screening Management System (CSMS) replaced NHAIS / Open Exeter

<https://digital.nhs.uk/services/register-with-a-gp-surgery-service/benefits-and-features/roadmap>

Roadmap

- Core GP IT systems (likely late 2024) to directly receive registrations and add info to record

→ Interim: Automation providers can (at cost) reduce manual Data Entry

- Updated patient contact data like email address and phone number to be applied directly to the Personal Demographics Service (PDS) rather than this data being updated via local staff and systems.

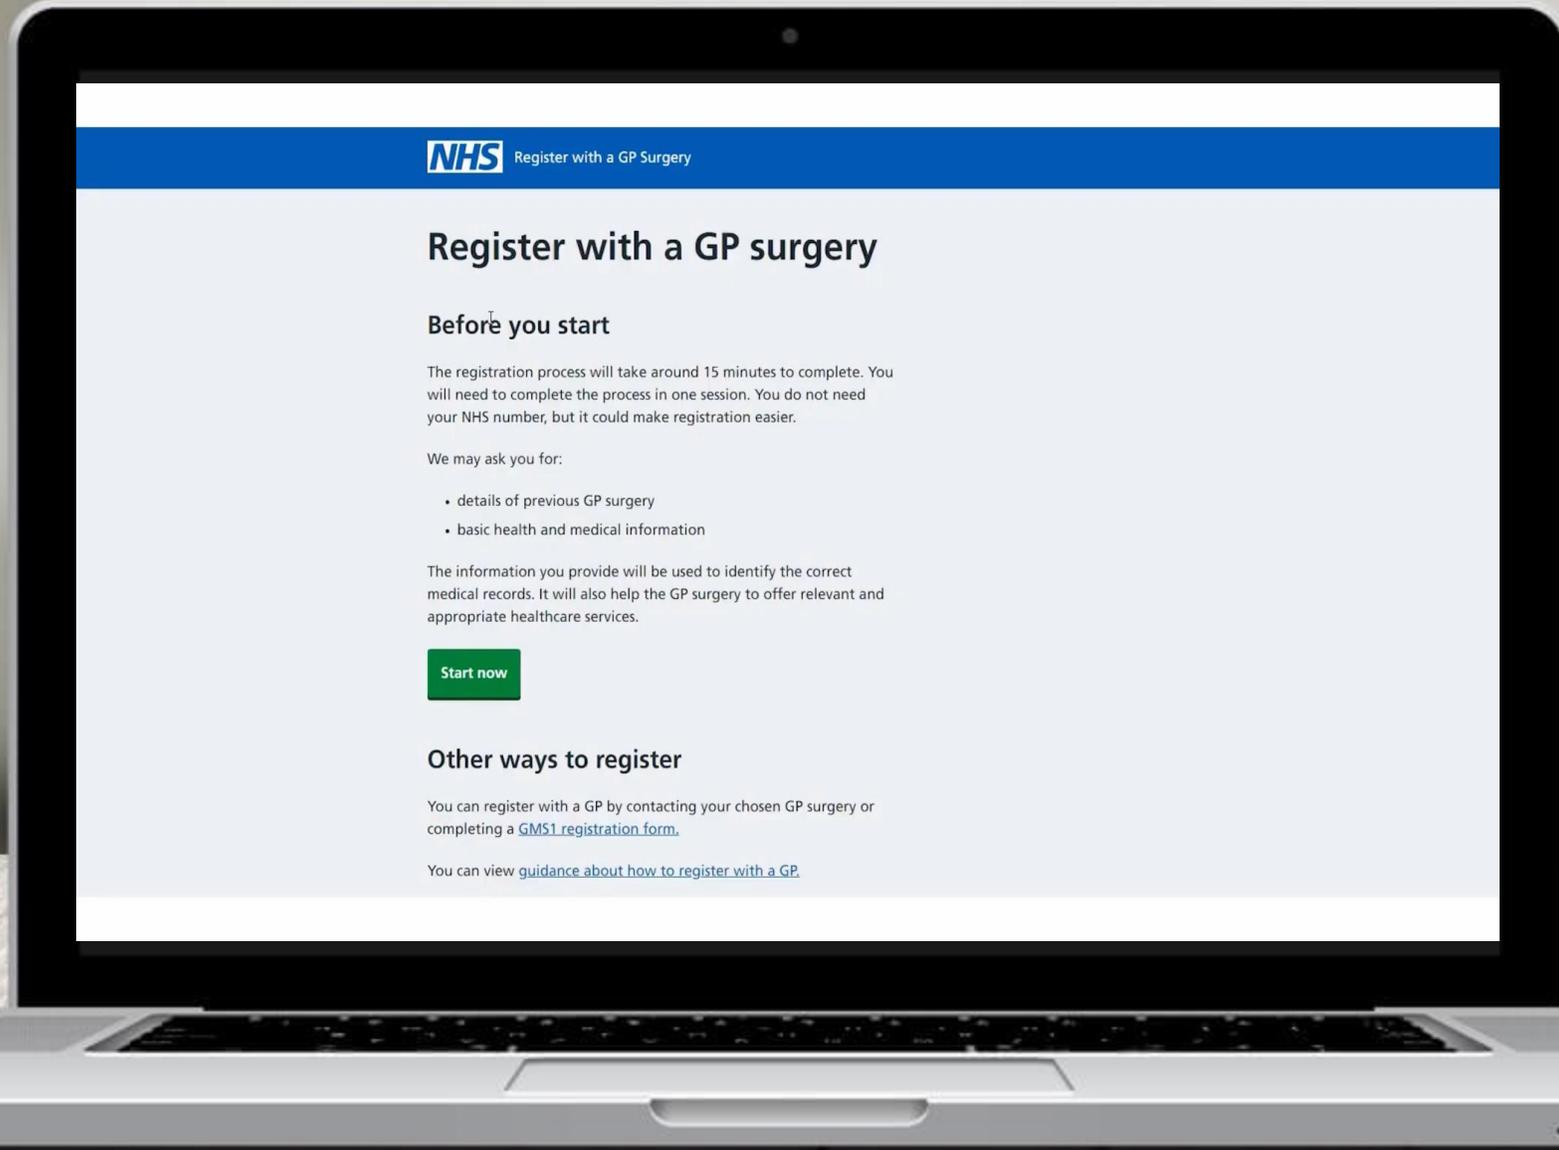

Automating patient registrations using Robotic Process Automation (RPA)

80%

Registrations Automated

< 1minutes per reg

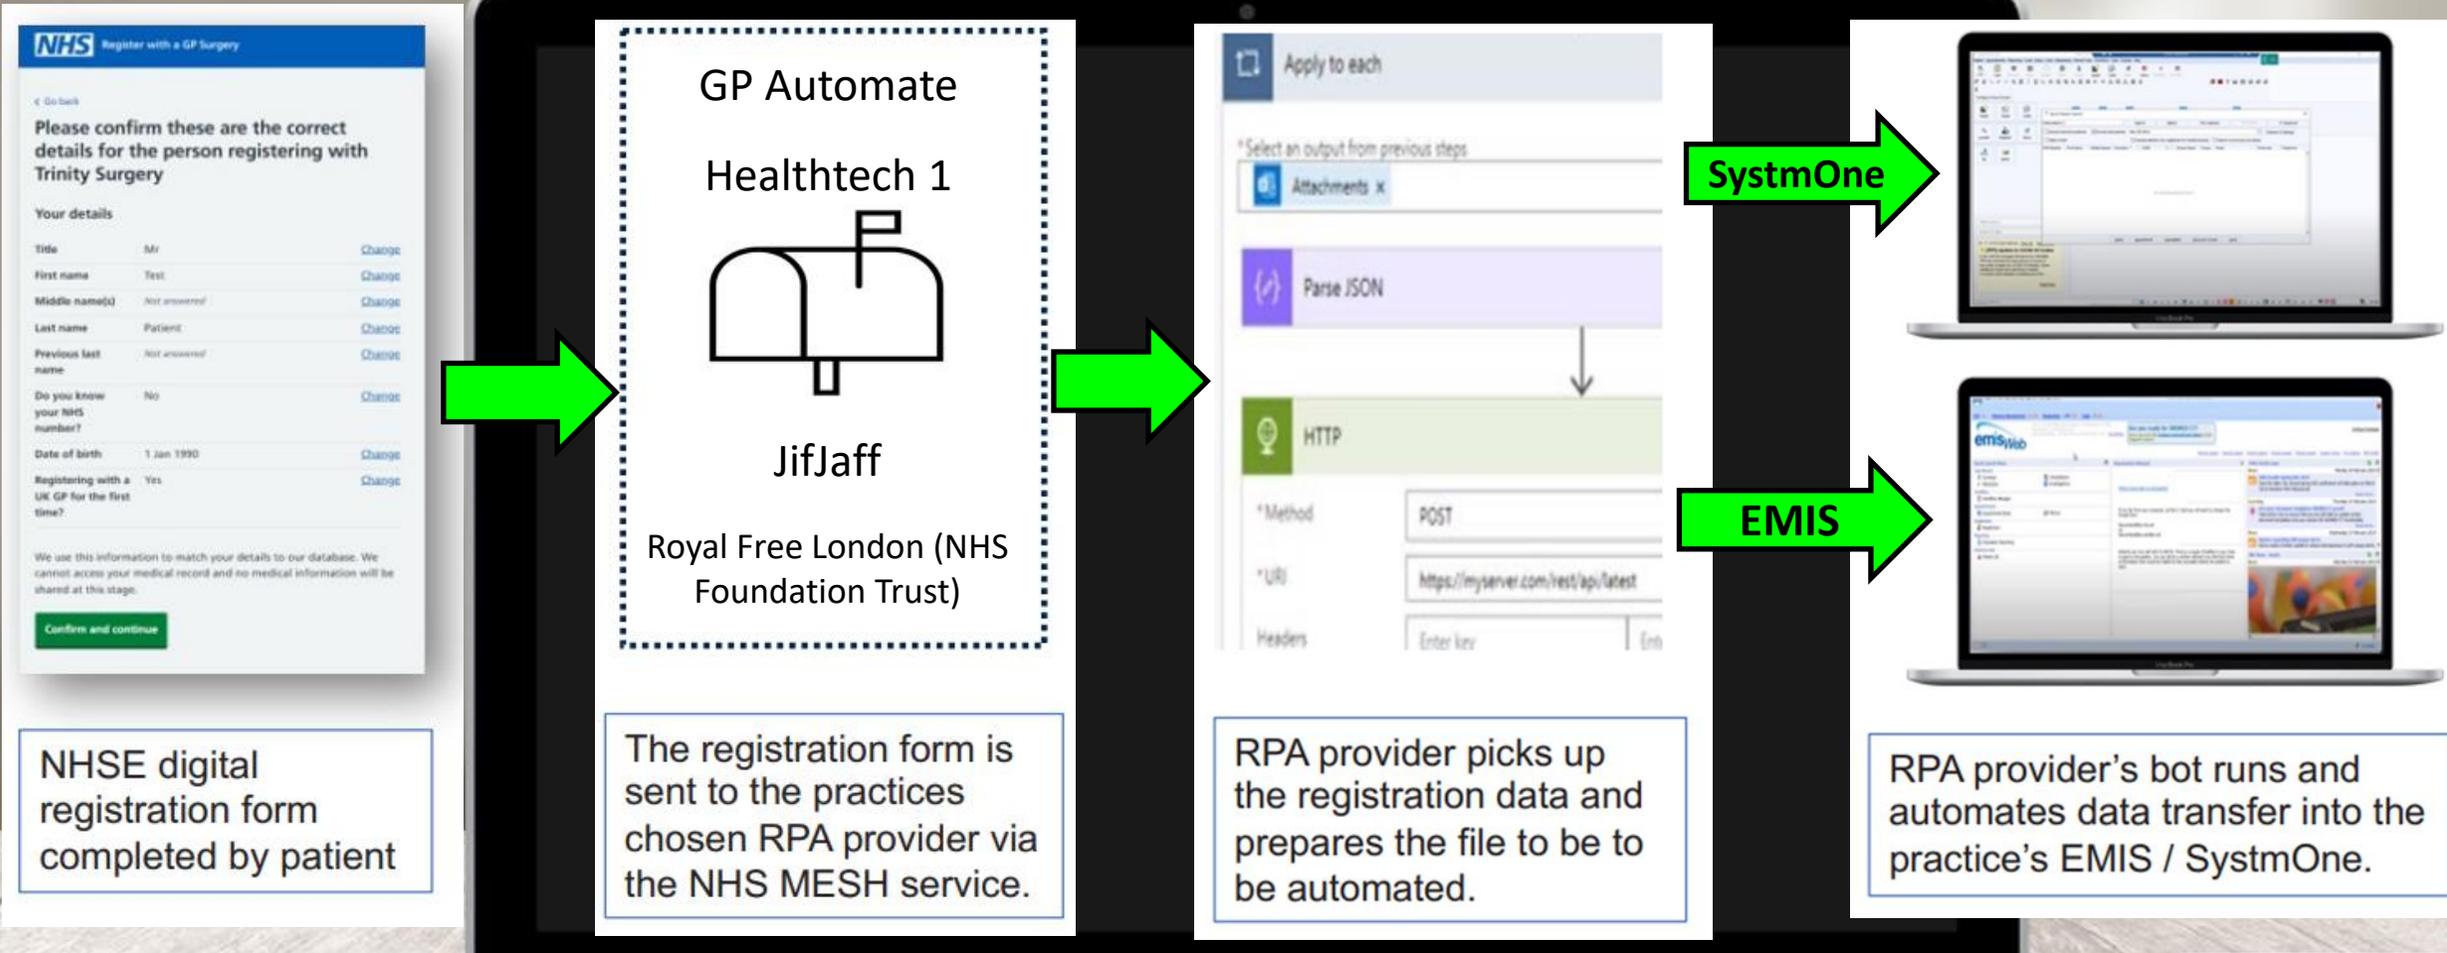

Automated Registrations

RPA Demo

Demo of Automation: <https://youtu.be/rDlr5xDkaDc>

Automating patient registrations using Robotic Process Automation (RPA)

- RPA (Robotic Process Automation) is a technology that uses digital robots to emulate human actions interacting with digital systems

- 'Register with a GP Surgery' team have worked with RPA providers to develop interim RPA solutions for the NHSE registration form to further reduce practice admin workload

Automated Registrations

**Still prefer your existing online
Registration form/process?**

**Not sure 'Register with a GP Surgery'
(RGS) service suits your practice?
Or need to pause RGS for a while?**

**We hope you will grow to love RGS,
but perhaps you could initially run more
than one registration process (to explore
RGS further) and review again with
progress with RGS interoperability.**

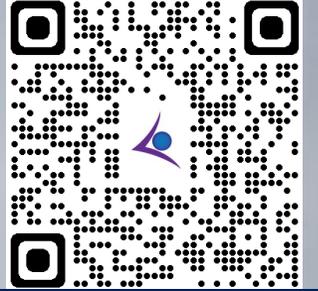

**You can pause /
deactivate RGS yourself
via 'NHS Profile Manager'**

Profile Manager

Completing this registration process

You need to complete this registration process if you want to offer the Register with a GP Surgery Online service to your patients.

What you need to do

- answer all the questions in this registration process
- register multiple practices individually

What we will do

Once you have completed this registration process we will:

- create a unique registration url for your surgery website
- update [Find a gp \(opens in new tab\)](#) with your unique registration link
- apply your catchment area to the service

Registrations completed from 16 December 2022 will not be updated on Find a GP until after 3 January 2023 because of the holiday break.

More information about using the service

A [resource hub \(opens in new tab\)](#) has been made available which explains how you can:

- promote the service in your surgery
- get support while using the service

Would you like to continue with the registration?

Once you have completed this registration your surgery will be able to start offering patients the option to use Register with a GP Service Online.

- Yes
- No

2 Check Catchment area

- 20% of Practices believed to have invalid drawn catchment areas (e.g. overlapping boundary lines)

- Quickest initial test is to use NHS 'Find a GP' webpage using your **GP Practice postcode**

- If your GP practice is not shown at the top of list of possible practices, then there could be an issue.

<https://digital.nhs.uk/services/register-with-a-gp-surgery-service/get-help-using-the-service/catchment-area-questions>

Catchment Area

Check Catchment area

- Guide on how to update and manage your catchment area:

<https://digital.nhs.uk/binaries/content/assets/website-assets/services/register-with-a-gp-surgery-service/resources-hub/update-catchment-for-your-surgery.pdf>

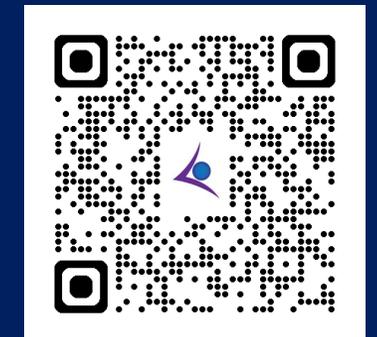

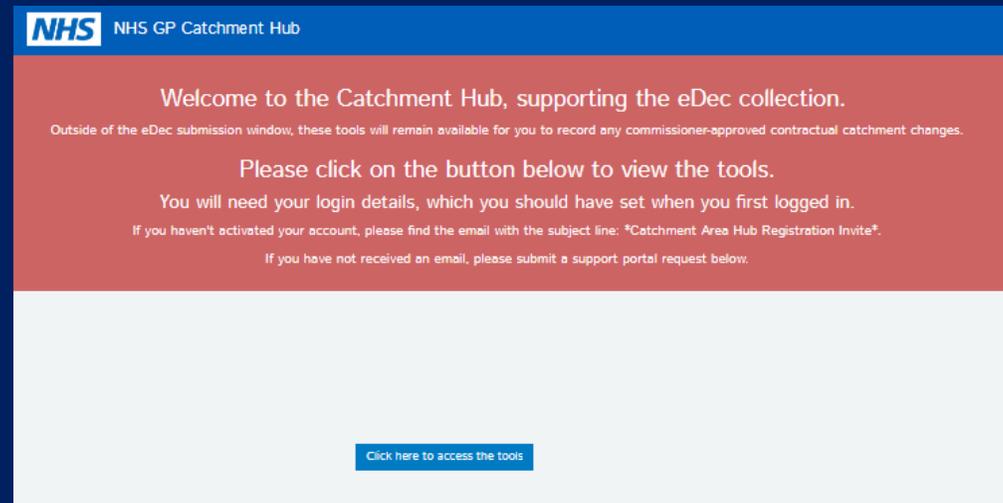

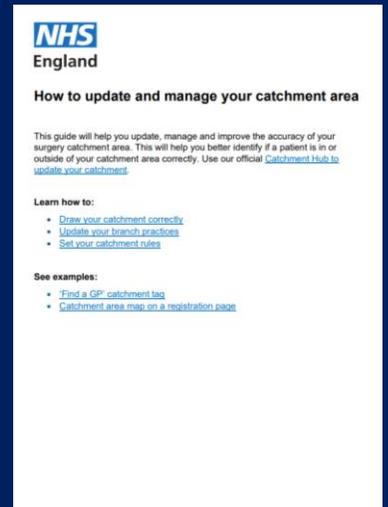

- GP Catchment Area Hub:

<https://gp-catchment-welcome-nhsgisscw.hub.arcgis.com/>

- Previously Catchment areas were redrawn & submitted via Strategic Data Collection Service (SDCS) to be updated:

<https://digital.nhs.uk/services/strategic-data-collection-service-sdcs>

Email: generalpractice.datacollections@nhs.net

Catchment Area Hub

Check Catchment area preference - eDec

- For surgeries that are ‘**Not accepting out of area registrations**’, they do not receive any patient applications outside their catchment. Patients are re-directed to NHS ‘Find a GP’ where they are shown a list of appropriate and accepting surgeries.
- For surgeries that ‘**Accept out of area registrations**’, patients see a warning that you might not accept the registration but they can continue with submitting the registration form.
- If you are unsure of your current catchment preference, find your surgery on ‘Find a GP’ by searching your surgery postcode. The status will either be Accepts out of area registrations or blank which indicates out of area registrations are not accepted.
- If you have updated your catchment area preference during the latest round of eDEC, it should be applied in time. However if you wish to change your catchment preference faster, please contact NHS UK Service Desk (nhswebsite.servicedesk@nhs.net).

NHS
Register with a GP surgery

[Redacted] Health Centre is not accepting registrations from this address

Some GP surgeries will only accept patients that live within the area they cover.

Use the Find a GP service to look for a GP surgery that covers your postcode or is accepting out of area registrations.

[Find a GP](#)

NHS
Register with a GP Surgery

[Go back](#)

Step 2 of 3 - Personal Details

This address is outside the area for this GP surgery

Some GP surgeries will only accept patients that live within their catchment areas. You can continue with this registration, but it may not be accepted.

By using the Find a GP service you can find a surgery for this address.

Continue with this registration
If the surgery are not accepting out of area registrations they could reject this application.

Cancel this registration and use Find a GP
This will end this registration and you will be sent to Find a GP. Any answers given so far will not be saved and a new registration will have to be submitted.

Replace 'Paper' Registration Form

Switch to 'Paper' version of 'Register with a GP Surgery' form (PRF1) for patients who require a non-digital solution. You could always add additional pages to the end of the paper form if required.

**Did you know it is faster for us to process your registration form if completed online?
If possible, visit our website or scan this code.**

NHS England/Digital 'Paper' version (PRF1) of the online form helps practices with consistency when managing online or offline registration form completion.

A close-up photograph of the NHS 'Family doctor services registration' form (PRF1). The form is white with a blue header. The NHS logo is in the top left. The title 'Family doctor services registration' is in the top center, and 'GMS1' is in the top right. Below the title, there are sections for 'Patient's details' with checkboxes for Mr, Mrs, Miss, and Ms. There are fields for 'Date of birth', 'Surname', 'First names', and 'NHS No.'. A note at the bottom says 'Please complete in BLOCK CAPITALS and tick [checkbox] as appropriate'. The form is slightly out of focus, showing a blurred background of a person's arm and a desk.

Other Languages - 'Paper' Patient Questionnaires

- Digital Exclusion/Health Inequalities: Healthcare Guidance and Patient Questionnaires in different languages. Perhaps useful for patients struggling with English 'Register with a GP Surgery' paper form?

The screenshot shows the NHS England website. The main heading is "Meeting the initial health needs of vulnerable migrants – translated health guidance and patient questionnaire for newly arrived migrants in the UK". Below the heading, there is a document information section: "Document first published: 20 February 2023", "Page updated: 24 April 2024", "Topic: Patient care, Primary care", and "Publication type: Guidance". The main text explains that bilingual patient health questionnaires have been developed for commissioners and GP practices to support initial health assessment and management of newly registered vulnerable migrants, including those seeking asylum and those arriving under Government relocation schemes. It also mentions that there is an English/blank version of the form so that it may be translated into different community languages where local needs require. There is an adult version of the form and a version for children (age 0-15 years) which can be completed by the parent/guardian. It notes that the assessment for newly arrived migrants has been undertaken using the New Patient Questionnaire. Two SNOMED codes have been released to record that the assessment for newly arrived migrants has been undertaken using the New Patient Questionnaire. These are: 1874651000000105 | Initial health assessment using New Patient Questionnaire for newly arrived migrants in the United Kingdom (procedure) and 1874641000000107 | Initial health assessment using New Patient Questionnaire for newly arrived migrants in the United Kingdom declined (situation). It states that using the New Patient Questionnaire (or a locally-developed version), Health Care Practitioners should record on clinical systems, using the above SNOMED codes, whether the Initial Health Assessment has taken place or been declined.

Contents

- Health guidance
- Patient questionnaires
- Patient questionnaire for children and young people aged 0-15 years-old

The screenshot shows the translated Polish version of the questionnaire. The title is "Kwestionariusz pacjenta dla migrantów nowo przybyłych do Wielkiej Brytanii". The text explains that everyone has a right to register with a GP and that the questionnaire is to collect information about your health so that the health professionals at your GP practice can understand what support, treatment and specialist services you may need in accordance with the confidentiality and data sharing policies of the National Health Service. It also states that your GP will not disclose any information you provide for purposes other than your direct care unless you have consented. The questionnaire is to be returned to your GP practice. The form includes sections for personal details, such as "Full name" (Imię i nazwisko) and "Address" (Adres).

English	Polski/Polish
New Patient Questionnaire for newly arrived migrants in the UK	Kwestionariusz pacjenta dla migrantów nowo przybyłych do Wielkiej Brytanii
Everyone has a right to register with a GP. You do not need proof of address, immigration status, ID or an NHS number to register with a GP.	Każdy ma prawo zarejestrować się u lekarza rodzinnego (ang. GP). Rejestracja u lekarza rodzinnego nie wymaga dokumentu potwierdzającego adres, określonego statusu migracyjnego, dokumentu tożsamości ani numeru NHS.
This questionnaire is to collect information about your health so that the health professionals at your GP practice can understand what support, treatment and specialist services you may need in accordance with the confidentiality and data sharing policies of the National Health Service.	Celem tego kwestionariusza jest zebranie informacji na temat Państwa zdrowia, aby pracownicy służby zdrowia w przychodni lekarza rodzinnego (GP) wiedzieli, jakiego wsparcia, leczenia i usług specjalistycznych mogą potrzebować. dane te są traktowane zgodnie z polityką poufności i udostępniania danych obowiązującą w Państwowej Służbie Zdrowia (NHS).
Your GP will not disclose any information you provide for purposes other than your direct care unless: you have consented (e.g. to support medical research); or they are required to do so by law (e.g. to protect other people from serious harm), or because there is an overriding public interest (e.g. you are suffering from a communicable disease). Further information about how your GP will use your information is available from your GP practice.	Lekarz rodzinny nie ujawni żadnych informacji pacjenta, dla celów innych niż bezpośrednia opieka, chyba że: pacjent wyrazi na to zgodę (np. w celu wsparcia badań medycznych) lub lekarz będzie do tego zobowiązany przez prawo (np. w celu ochrony innych osób przed poważną krzywdą), lub ze względu na nadrzędny interes publiczny (np. pacjent cierpi na chorobę zakaźną). Dalsze informacje na temat sposobu, w jaki lekarz rodzinny będzie wykorzystywał przekazane dane, można uzyskać w przychodni lekarskiej.
Return your answers to your GP practice.	Odpowiedzi prosimy przekazać swojemu lekarzowi rodzinemu.
Section one: Personal details	Część pierwsza: dane osobowe
Full name:	Imię i nazwisko:
Address:	Adres:

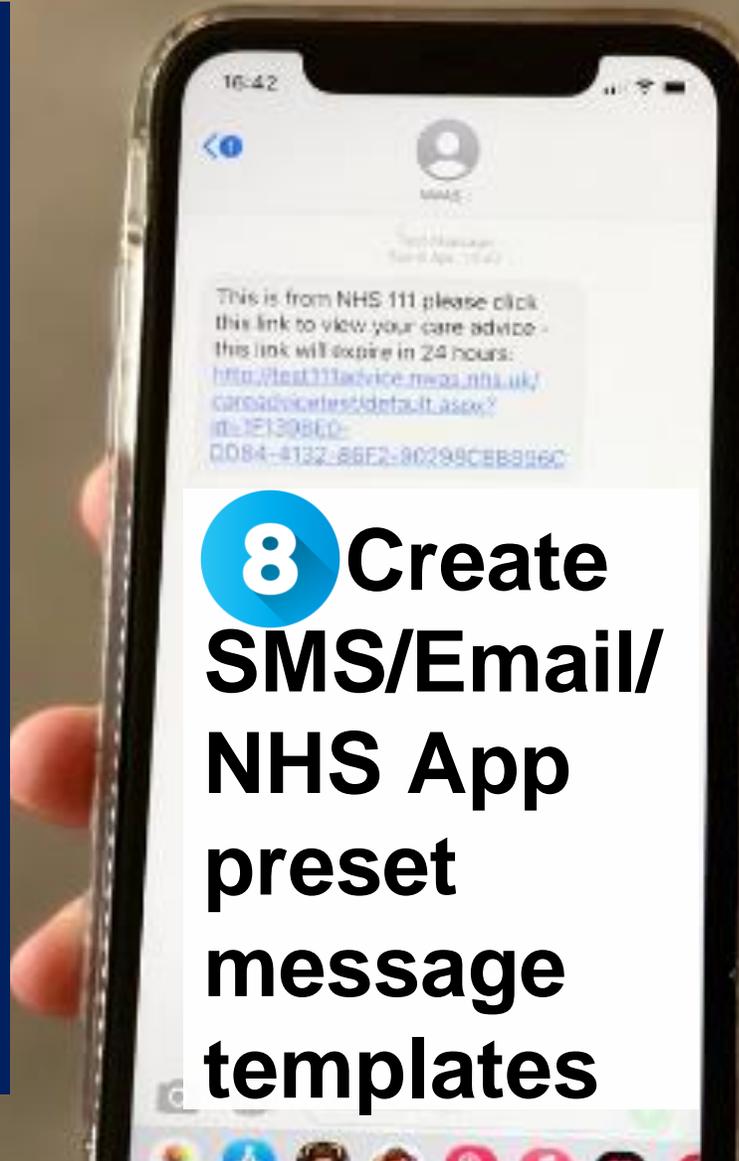

<https://www.england.nhs.uk/publication/meeting-the-initial-health-needs-of-vulnerable-migrants-translated-health-guidance-and-patient-questionnaire-for-newly-arrived-migrants-in-the-uk>

Consider setting up preset message links (to send to patients) for forms/guidance in different languages

Translated Questionnaires

- Useful for managing queries from potential patients
- SMS platform might not be able to send to unregistered patient's phone numbers, but still useful for existing patients (e.g. texting parents to inform them how to register their new baby)
- Short URL: Consider creating a Short URL version of your registration link which makes it shorter and easier to share. There are many websites (e.g. bitly.com) that can help do this for you and they often require you to 'paste' the normal registration link into their webpage to create a 'proxy' Short URL which redirects to the original URL.

Dear <forename> <surname>, Please use the following link to register with our practice: <https://gp-registration.nhs.uk/123456> If you experience any difficulties completing the online form, please contact our reception. Thanks for your interest, Regards <Practice Name>

IF NOT USING 'NHS Notify' Service:
Dear <forename> <surname>, Your registration form has been processed and you are now registered with our practice. We encourage you to download the NHS App to enhance your patient experience at our practice. Regards <Practice Name>

Dear <forename> <surname>, Thank you for submitting your online registration form. Unfortunately you live outside the catchment area of our practice and we are unable to register you. Please visit www.nhs.uk/service-search/find-a-gp to find an alternative practice. Thanks for your interest. Regards <Practice Name>

11 Update Practice Email Autoreply Message

Thank you for contacting **Wellington Health Centre**.

This is an automated response from a mailbox, which is checked at least once a day Monday – Friday (excluding bank holidays) between 08:00 and 18:30. It is not monitored outside of these times.

For any urgent queries, please contact our reception on **020 7111 2222** who will give advice.

If we are closed, please use **NHS 111** for an urgent problem that you think cannot wait.

For problems that you think might be life-threatening, please call 999.

<https://digital.nhs.uk/services/register-with-a-gp-surgery-service/>

IMPORTANT: For safety reasons, we **do not** accept emails to seek medical advice, send photos (unless with prior agreement), discuss problems or to request face-to-face or telephone/video consultations. Please use our online consultation service instead which you can access via the NHS App, the practice website or using this direct link: <https://yourpractice.consult.com/>. Alternatively please call reception if you unable to use it.

Repeat prescription request? Please allow at 2 working days for it to be processed. We can process requests even quicker if received via the NHS App rather than by email.

Visit <https://www.yourpractice.nhs.uk/online-services/> to understand how to set this up. If sending requests via email, then please send your request to: prescription@nhs.net

Want your NHS number? Visit: www.nhs.uk/nhs-services/online-services/find-nhs-number/

Want access to your records? Follow the steps at: www.yourpractice.nhs.uk/online-services/
