Movement: Moving more for our Mental Health

The benefits of movement on our mental health are significant. From improved mood, confidence, sleep, concentration and memory as well as a reduction in anxiety, stress and inflammation. It's important to remember that even short bursts of activity are beneficial. As little as 15 minutes of movement a day has been shown to positively impact mental health.

General Practice Nurse (Trainee) North West and South East London

Are you looking to start an exciting Nursing career in General Practice in London?

If so, this is a fantastic opportunity to participate in a General Practice Nurse (GPN) Trainee course, whilst being employed by a supporting Practice. The participating Practice locations will be in North West London and South East London. **You do not need prior GPN experience to apply.**

London Primary Care Training Hubs are looking to recruit nurses to a General Practice Nursing academic training programme starting September 2024. We encourage both newly qualified Registered Nurses and experienced Registered Nurses to apply for this opportunity.

The GPN Trainee programme offers you employment in one of our supporting Practices with supervision and the opportunity to study for a Post Graduate Diploma in General Practice Nursing - this is either one year full time with the University of Hertfordshire, or two years part time with the University of Greenwich.

Please follow the link to NHS jobs to apply – closing date 31st May 2024. [Job Advert \(jobs.nhs.uk\)](#)

GP Trainee opportunity for YOUR Practice - recruiting now!

Changing the culture of GPN Recruitment and Training

Evidence from the Sonnet Report and the Fuller Report demonstrate the challenges facing General Practice Nursing: this is supported by local workforce data.

Our aim is to provide a pipeline of future GPNs and develop new to General Practice Nurses, through offering you the opportunity of employing a GPN Trainee at your Practice, whilst they undertake the funded one year GPN Academic Training Programme.

- ✓ Directly address the critical shortage of GPNs across NW London
- ✓ Directly address the barrier to Practices being able to recruit to GPN vacancies
- ✓ Provide a supportive training Practice
- ✓ Establish value in the Supervisor and Assessor role
- ✓ Deliver a fair and equitable scheme across NWL
- ✓ Ensure standardised education, supervision and competency levels for NWL GPN training and recruitment.

- The GPN Academic Training programme recruits nurses who want to become highly skilled Practice Nurses
- The programme is looking for Practices or PCNs who would like to support a nurse on this programme starting in September 2024
- 20k is provided to the supporting Practice as an Educational grant
- The course is funded by NHSE (WTE)
- Direct support from the Training Hub.

★ April 2024 - We start to recruit Training Practitioners/PCNs

★ April/May 2024 – GPN Trainee applications open via NHS jobs

★ June 2024 - We interview GPN Trainee applicants

★ September 2024 - GPN Trainee employment and University cohort begins

★ If your Practice is interested, don't miss out! Please fill out the [EOI](#) and return to: Sally Armstrong or Karen Sood at the NWL Training Hub – sally.armstrong@nhs.net or karen.sood@nhs.net

Thank you from the NWL Training Hub Team
