## News and Updates

### Health and Wellbeing Practice Temperature Checks

**What is a Health & Wellbeing Practice Temperature Check?**

This is an opportunity for all staff to get together for 2 hours to discuss areas that can support your H&W as a team. The session consists of a working lunch, fun ice breaker and a facilitated discussion on the themes you identify from the results of the survey, during which we shall help to create an action plan for you to take forward, to help address the issues. In Hillingdon last year we conducted 18 of these and received very positive feedback.

[Here are some FAQs](#) that we have pulled together to help answer any of your questions, this also includes a sample of statements and feedback from our review survey's. For more information, to have a chat with the team or to book your session, contact the Hillingdon Training Hub Team [hillconfed.traininghub@nhs.net](mailto:hillconfed.traininghub@nhs.net).
