

Career Engagement Initiative

What you can expect:

- You will gain the opportunity to speak directly to **young people** from secondary schools and colleges in London.
- Free **training** will be provided, alongside a **tailored information pack**
- You will be provided with a **certificate** which can contribute towards **CPD**

Become a Health Ambassador today to directly impact young people, helping guide vital decisions about career pathways

Profession focused sessions across fields of Midwifery, Healthcare science, Pharmacy, AHP, Medicine and Nursing.

The sessions are run both In-person and Virtually.

What is discussed in the sessions?

- A day in the life
- The range of roles and opportunities
- Value of your profession
- Application process and all routes into the profession
