News and Updates

Non-Medical Prescribing Update

- 8th May, 9:00—12:30 [book here](#)
- 14th October, 9:00—12:30 [book here](#)
This session is suitable for any prescriber who would like an update on current issues in prescribing practice. It also offers an opportunity to network online with other prescribers. This collaborative learning event will count as a minimum of 3 hours of CPD for your revalidation with preparation study time to be added.

Attendees will develop their knowledge of:

- Principles for safer prescribing
- Prescribing in children, frailty and renal impairment
- Prescribing for in acute & long term conditions
- Medico-legal and ethical issues in healthcare

Child Immunisation Updates

- 13th May 9:00—12:15 [book here](#)
- 4th June 9:00—12:15 [book here](#)
- 1st July 13:30—16:45 [book here](#)
- 10th July 13:30—16:45 [book here](#)
- 19th August 13:30—16:45 [book here](#)
- 11th September 13:30—16:45 [book here](#)
This updates for **experienced practitioners** (usually nurses, nursing associates and pharmacists) already delivering child immis.

Objectives for the sessions:

- To examine recent and possible future changes to the routine immunisation schedule
- To examine the range of vaccines that are routinely offered to children and young people
- To gain an awareness of the issues surrounding a decline in pre-school childhood immunisations, including coverage and the associated risks and the issue of misinformation and disinformation
- To consider professional & ethical issues in relation to delivering the child immunisation programme including the importance of communication, barriers, risk, assessment, administration technique and legal frameworks
- To ensure practice is evidence-based and both safe and effective

Seasonal Immunisation Updates

- 4th June 13:00—16:15 [book here](#)
- 15th July 13:30—16:15 [book here](#)
- 21st August 13:00—16:15 [book here](#)
- 9th September 13:00—16:15 [book here](#)
- 7th October 13:00—16:15 [book here](#)
This 3 hour online seasonal immunisation update is for all **experienced Health Care Professionals**; Nurses, Paramedics, Pharmacists, Nursing Associates, Pharmacy Techs and the non-registered workforce (which includes HCAs, HCSWs, Phlebotomists, receptionists etc) to deliver flu, pneumococcal, shingles, RSV and COVID vaccines. [Objectives for this update can be found here.](#)

2-Day Introduction to Contraception

- 3rd & 10th June, 09:30—16:00 [book here \(you are booking for both days\)](#)
This course is for nurses, qualified NAs, paramedics and GPs. This is an opportunity for qualified staff who are new to practice and to get an overview of all contraceptive methods. It is also suitable for staff who have completed a contraceptive course before and want a full update on contraception.

Learning outcomes:

- To give up to date information to women about their chosen method of contraception.
- To see women for repeat pill consultations.
- Give intramuscular injectable contraception and understand late injections.
- To have a greater understanding of contraception, the benefits, risks, side effects and safety.
- To feel more confident about giving advice regarding contraception methods.

Contraception Update Training

- 15th July, 9:00—13:00 [book here](#)
This course is for nurses and GPs who have previously attended the contraception foundation training and who give care to women in relation to contraception.

Learning outcomes:

- To give up to date information to women about their chosen method of contraception.
- To see women for repeat pill consultations and be aware of the tailored regimes of taking the COC.
- Give intramuscular injectable contraception and understand late injections.
- To have a greater understanding of contraception, the benefits, risks, side effects and safety.
- To feel more confident about giving advice regarding contraception methods.

Cervical Sample Taker Update

- 6th June 9:00—13:00 [book here](#)
- 10th September 9:00—13:00 [book here](#)
This update is for Registered Nurses, GPs, registered Physician Associates, Nursing Associates who are registered with the NMC or registered paramedics working in GP practices, who have completed their cervical sample taking training in the past and who require the three yearly update.

The half day will cover all the changes that are taking place in cervical screening and the impact this has on women, the practitioner and the laboratories. After completion of the update attendees will have up to date information about the changes that are taking place in taking cervical screening to enable them to be proficient in taking cervical samples and giving information to women.

Anticoagulation Training Recordings

[New to Anticoagulation training recording can be found here](#) and the [Anticoagulation update training recording can be found here](#) other webinar recordings can be accessed via our [website here](#).

Change Leadership

- 24th April, 12:00—13:00 [book here](#)
This session is focused on how leaders can better lead others through change

- The Agile Leader: balancing the needs of the task, team, and individuals through change by adopting a style to suit the situation
- The Trinity for Change Success: Command, Leadership, and Management - consider the distinct yet interconnected elements for successful change
- Delivering Change: role & responsibilities for leading change

Bringing Others on the Change Journey

- 30th April, 12:00—13:00 [book here](#)
This session is focused on the human factors of change

- Divers and resistance to Change - understanding why people support or resist change.
- Change handrails - explore some key models, linked to human behaviour.
- Contribution safety - promoting collaboration and feedback loops.
- Stakeholders - key stakeholder identification and engagement tools, with consideration to personality types and their response to change
