North West London Training Hubs have launched Freedom to Speak Up Guardians (FTSUGs) within Primary Care. FTSUGs are a cohort of staff across NWL Primary Care, primarily within the Training

nwltraininghub.co.uk/events/

Freedom to Speak Up Guardians

Hubs, who have completed the necessary national training to support the workforce in speaking up.

What is Speaking Up? - FTSUGs support staff to speak up when they feel that they are unable to do so in other ways. You can speak up about anything that affects you, patient care or your working life. This could be about anything that is troubling you including inappropriate attitudes and behaviours, bullying and / or harassment.

How to Speak Up? Email nwl.speakupguardian@nhs.net with your concern or query and you will be matched with a guardian. Note that conversations remain confidential, and we will work with you to support decisions pertaining to next steps you may wish to take. Find out more

BME Career Development Programme

The BME Career Development Programme for London is a transformative initiative designed by Whittington Health to enhance career opportunities aimed at all BME (Black and Minority Ethnic) staff across NHS organisations and the Primary Care. The programme is fully funded by Once4London Equity Initiatives for 50 participants across all NHS organisations and the Primary Care in London. The programme content has been designed to provide participants with the essential skills and knowledge needed to succeed in career development and to build knowledge of the NHS. The training providers have been carefully selected based on their expertise in the modules.

Motivational Interviewing Training - 16th September, 9:00-16:00 book here

NWL Webinar: Autism Awareness Training for All Healthcare Professionals -22nd September 13:00—14:00 book here spaces available Our training is open to healthcare professionals at all levels — this will include GPs, Nurses, ARRS Clinical roles such as Pharmacists, Paramedics, ARRS non clinical roles such as Social Prescribers and Health & Wellbeing coaches, reception, admin and practice teams.

The course is open to multiple roles including: Social Prescribing Link Workers, Health & Wellbeing Coaches & Care Coordinators, Clinical Pharmacists, Pharmacy Technicians, Paramedics, Practice

Nurses, Nurse Associates, FC Physios, Dieticians & Physician Associates. This course will look to cover: • An introduction to the principles, spirit and skills of motivational interviewing.

Discover how questions, reflections, affirmations and summaries can be used to facilitate a more effective conversation about behaviour change.

In addition, Practices should still receive the NHSE GPN Trainee Programme bursary - £20k for the one year academic course.

The only one of its kind, this module is designed for professionals working in primary care, NHS Trusts, and public health systems who want to

This module is designed for professionals delivering care in socioeconomically deprived areas, including: GPs and primary care staff AHPs and community clinicians PCN and ICB team members Public health, commissioning and outreach professionals Anyone working on the front line of

Grounded in real-world challenges and informed by frontline and community experience, this award winning programme equips you with the skills,

Application deadline is 24th July. More information on how to apply can be found in this information booklet

• Gain an overview of an effective alternative to persuade people to change their behaviour. Gain an appreciation of how people can use their own motivations to find solutions for behaviour change. Observe how reflective listening can help when emotions are running high.

New to General Practice Nurses are now included and must be undertaking a GPN Trainee course. There are specific conditions, which will apply. View more information in this flyer. We are currently recruiting new to General Practice Nurses across NWL to start the one year GPN Trainee programme in January 2026. These are all qualified nurses entering Primary Care.

The recent release of the Primary Care Network Directed Enhanced Services (DES), confirmed the addition of other nurse roles now eligible for Additional Roles Reimbursement Scheme funding.

Please contact Sally Armstrong or Karen Sood at the NWL Training Hub, for more detail or to discuss further: Sally Armstrong - Nurse Director, NWL Training Hub: sally.armstrong@nhs.net or Karen Sood - Senior Programme Lead, NWL Training Hub: karen.sood@nhs.net

Gynaecological Pain: practical primary care management of pelvic pain, endometriosis and more

Find out what you will learn, gain and the impact for your organisation here: click to view the flyer

The funding is aimed at General Practice Nurses who want to become involved in the Education and Training of others in the clinical setting. When does the course start and What is the time commitment? The courses start in September and last a full academic year. You will probably need to take a day out of work a week to complete this course but this will not be the case for every week. You will also need to allow time at weekends etc to complete assignments.

(Pending funding approval from WTE) There may be a limited budget to cover the cost of the course which is paid directly to the university. There may also be a limited bursary which will be provided

If you are interested in doing the PG Cert or would like more information, please complete this EOI form and send it charlottecooley@nhs.net and h.khaddour@nhs.net by the 31st July.
