 - Why do we need ABPM?
 - How is ABPM measured?
 - What do we do with the results?

Centre for Advancing Practice Masterclasses

A masterclass series hosted by the Centre for Advancing Practice, designed to support the continued growth and excellence of the advanced and consultant practice workforce. This series brings together national leaders and subject matter experts to explore the latest developments in policy, practice, and professional development.

Governance Matters: Building Confidence in Advanced and Consultant Practice

- 15th September, 15:00 to 16:00 [book here](#)

Unlocking Potential: The ePortfolio (Supplemented) Route Explained

- 14th October, 12:30—13:30 [book here](#)

Consultant Practice Unpacked: Progress, Purpose, and Possibilities

- 14th December time tbc, [registration open soon](#)

Health & Care Professions Council (HCPC) webinar series

The HCPC are running a webinar series on scope of practice and delegation at advanced levels of practice, produced in partnership with NHS England and the General Osteopathic Council. This series of webinars is for HCPC and GoSC registrants who are working at (or towards) advanced levels of practice as an allied health professional (AHP), and the managers and strategic leaders who support them. It aims to provide support with optimising your scope of practice, effectively supervising and delegating work, and confidently meeting your regulatory standards.

Webinars for registrants

Understanding your scope of practice at advanced levels of practice

- 29 September, 13:30-14:30 - [learn more](#)
- 22 October, 10:00-11:00 - [learn more](#)

Supervision and delegation at advanced levels of practice - what you need to consider

- 1 October, 09:30-10:30 - [learn more](#)
- 3 November, 13:30-14:30 - [learn more](#)

Webinars for managers

Maximising your team's potential through safe and effective delegation and supervision

- 6 October, 13:30-14:30 - [learn more](#)
- 5 November, 09:30-10:30 - [learn more](#)

Effectively managing practitioners working at advanced levels of practice

- 8 October, 09:30-10:30 - [learn more](#)
- 20 October, 14:00-15:00 - [learn more](#)

ARRS funded nurse roles

The recent release of the Primary Care Network Directed Enhanced Services (DES), confirmed the addition of other nurse roles now eligible for Additional Roles Reimbursement Scheme funding. New to General Practice Nurses are now included and must be undertaking a GPN Trainee course. There are specific conditions, outlined in [in this flyer](#).

We are currently recruiting new to General Practice Nurses across NWL to start the one year GPN Trainee programme in January 2026. These are all qualified nurses entering Primary Care. We need interested supporting Practices/PCNs to work with now!

★ In addition, Practices should still receive the NHSE GPN Trainee Programme bursary - £20k for the one year academic course. Subject to NHSE guidance.

Please contact Sally Armstrong or Karen Sood at the NWL Training Hub, for more detail or to discuss further:

Sally Armstrong – Nurse Director, NWL Training Hub: sally.armstrong@nhs.net or **Karen Sood** – Senior Programme Lead, NWL Training Hub: karen.ood@nhs.net

Freedom to Speak Up Guardians

North West London Training Hubs have launched Freedom to Speak Up Guardians (FTSUGs) within Primary Care. FTSUGs are a cohort of staff across NWL Primary Care, primarily within the Training Hubs, who have completed the necessary national training to support the workforce in speaking up.

What is Speaking Up? - FTSUGs support staff to speak up when they feel that they are unable to do so in other ways. You can speak up about anything that affects you, patient care or your working life. This could be about anything that is troubling you including inappropriate attitudes and behaviours, bullying and / or harassment.

How to Speak Up? Email nwl.speakupguardian@nhs.net with your concern or query and you will be matched with a guardian. Note that conversations remain confidential, and we will work with you to support decisions pertaining to next steps you may wish to take. [Find out more](#)

- What is Validia

NB Medical 'Hot Topics' Dermatology for Primary Care

- 8th October, 13:30—17:00 [book here spaces available](#)
- This session will be open to Nurses and AHPs – nurses, paramedics, physios and qualified Nursing Associates

With dermatology appearing in up to 25% of our general practice consultations, now is a great time to update and refresh our knowledge. Many skin conditions are now being managed exclusively in primary care and our patients who do require a referral are facing significantly longer waiting times. The aim of this webinar is to increase your diagnostic skills and confidence in managing the common dermatology conditions we see in primary care. All the presented topics are based on recent national guidance and research, and use clinical cases to illustrate the learning points.

For queries about our NWL Training Hub webinars please contact nwl.traininghub@nhs.net

Enhanced Services and CPD

If all dates are fully booked for a training please join the waitlist, this allows us to know when there is sufficient demand for us to book new dates.

The role of primary care nurses in early cancer diagnosis

- 9th September 18:30-19:30pm. [Book here](#)

Join C the Signs in collaboration with the Royal College of Nursing for a free webinar exploring how primary care teams can improve early cancer diagnosis through clinical vigilance, practical education, and digital decision support. Cancer remains one of the leading causes of death in the UK, with nearly 50% diagnosed at a late stage. This session explores the vital role of nurses in identifying patients at risk - even when symptoms are vague or non-specific — and offers practical tools to support timely triage and referral.

What you'll learn:

- Challenges of early diagnosis in primary care
- NICE cancer guidelines - how they apply in real-world practice
- Case studies on FIT, PSA, cervical screening, post-menopausal bleeding, and more
- The role of every team member in identifying and escalating cancer risk
- How clinical decision support tools like C the Signs help streamline assessment and referrals
