### Upcoming Safeguarding Webinar on Trauma Intelligence

- 23 September 2025, 13:00—14:00 [book here](#)  
A 1-hour introductory session designed for GPs, Link Workers and surgery teams offering insight into the lasting impacts of trauma and ACEs, and the role of primary care as a safe first point of contact. We'll explore how unaddressed trauma shows up in health settings — and why a trauma-informed lens matters now more than ever.

### NWL Teaching webinar on Diagnostics / Referrals for asthma in children

- 20th November 13:00—14:00 [book here](#)  
NWL Community Diagnostic Centres for investigating suspected asthma in children  
● Overview of the referral process  
● Diagnostic reports and how to interpret the findings  
● Case examples

### Child Immunisation Updates

- 11th September 13:30—16:45 [book here](#) **limited spaces**  
- 18th September 9:00—12:15 [book here](#) **spaces available**  
- 25th September 9:00—12:15 [book here](#) **spaces available**

The course is open to multiple roles including: GPs, Social Prescribing Link Workers, Health & Wellbeing Coaches & Care Coordinators, Clinical Pharmacists, Pharmacy Technicians, Paramedics, Practice Nurses, Nurse Associates, FC Physios, Dieticians & Physician Associates.  
This course will look to cover:  
● An introduction to the principles, spirit and skills of motivational interviewing.  
● Gain an overview of an effective alternative to persuade people to change their behaviour.  
● Gain an appreciation of how people can use their own motivations to find solutions for their behaviour.  
● Observing how reflective listening can help when emotions are running high.  
● Discover how questions, reflections, affirmations and summaries can be used to facilitate a more effective conversation about behaviour change.

### Survey: Input on Upcoming Cervical Screening Training for non clinical staff

The NWL TH, together with the ICS Team and RMP, are planning to schedule online cervical screening training sessions for non-clinical staff involved in the screening and call/recall process. These sessions will replace those previously delivered by Jo's Trust and will be delivered in a concise, accessible format.

To make sure the training is relevant and useful, we would greatly value your input. We would appreciate if you could please take a couple of minutes to complete the short survey linked, which will help us tailor the content to the needs of your teams: <https://mmjd6hzmepg.typeform.com/to/efgr9tJu>

### Physician Associate Preceptorship Funding

We are sharing an update regarding the £5,100 education support funding available from NHS England to support Physician Associates (PA). This preceptorship funding has been confirmed this week for the next set of preceptorships, following on from earlier EOI requests.

Included is:  
[NHSE application form for a Preceptorship](#) (form will automatically download).  
[NHSE Preceptorship Guidance](#)  
[NHSE FAQs based on the Leng Review into PAs](#)

The eligibility criteria for preceptorship funding has followed on from last year:

- All existing PAs in Primary Care who have not previously undertaken a preceptorship, including those in their first role.
  - Employers seeking additional assurance for their PAs, even if they are not newly qualified, to help cover enhanced supervision costs.
- Those on Preceptorships will be expected to engage with the PA Ambassador and the support mechanisms provided by the NW London Training Hub, such as the PA Forum.

Applications must include:

- Completed application form
- A copy of the PA's induction timetable
- A copy of the PAs weekly table (must include at least 1 dedicated session for education)

Applications should be sent to the NWL PA Ambassador (Marie-Louise Turner) for review: [marie-louise.turner@nhs.net](mailto:marie-louise.turner@nhs.net)

Deadline for applications is **Friday 19th September 2025**. The funding available for preceptorships is limited and will be provided on a first come, first served basis.

**Please note**, even though the deadline is this year we have been informed by NHSE that the funding will not be arriving to the ICS Training Hubs until the end of the current financial year, so the preceptorship will begin from when we are able to move funding across to providers and will be into 2 amounts over the preceptorship period.

### NEW NW London GP Assistant and Health Care Assistant Forum.

The first meeting will take place on Thursday 18th September 2025 between 1pm and 2pm via MS Teams.

The first forum will consist of an introduction, information of what support is available for the two roles and asking what learning sessions would be wanted in the future.

The MS Teams invite details are here: Join the meeting now - Meeting ID: 397 030 552 163 8 - Passcode: Cc22e8H2 — But if you wish to have the Teams invite sent across as a calendar invite, please reach out to Jon Ord — [jonathan.ord1@nhs.net](mailto:jonathan.ord1@nhs.net) who can forward that too you as well. We look forward to you joining the session.

Sally Armstrong, Jon Ord and the NW London Training Hub Team

### Opportunity: Are skills gaps stopping your team implementing its new model of care?

Hounslow Consortium are seeking 16 general practice teams in NWL (GP surgery and/or PCN teams) who are keen to implement a new model of care but are slowed down due to skills gaps in their team. Two teams will be selected in each borough and able to access up to a £5,000 training budget to help remove these skills gaps. You can download the [EAQs and application form here](#) (automatic download). The deadline for applications is Friday 19th September at 5pm. If we don't identify the 16 teams in this round, we'll run a second round in April 2026. If, after reading the above links and reviewing the form, you still have questions, please email [hrc.hounslowconsortium@nhs.net](mailto:hrc.hounslowconsortium@nhs.net).

We're also seeking a GP clinical lead for up to 26 sessions in total while the above programme is running. You can find a [role overview here](#), which includes how to express an interest in this role by 5pm on Monday 15th September. Please do share with any GP colleagues in NWL who may be interested.

Finally, in parallel to the above, there will also be learning and development linked to quality improvement, as well as support around resilience (this learning, development and support will not be limited to the 16 teams above). We'll keep you updated on this when the first dates are confirmed

### DaRe2THINK Webinar - Jeremy Dwight - Engaging Patients in the Management of Atrial Fibrillation

- 25th September, 12:00—12:30 [book here](#)

This talk is part of a series hosted by the DaRe2THINK trial to provide information to allied healthcare professionals and general practice staff across the UK. The latest European Society guidelines for atrial fibrillation emphasise the importance of patient engagement at every stage of their management. This is highlighted in the new patient-centred integrated AF – CARE algorithm in which the management of co morbidities and risk factors are given high priority. This talk will discuss the way in which the AF patient guidelines can assist in bridging the gap between the evidence base and its practical application in day to day patient care.
