NWL Health and Wellbeing Practice or PCN Temperature Checks.

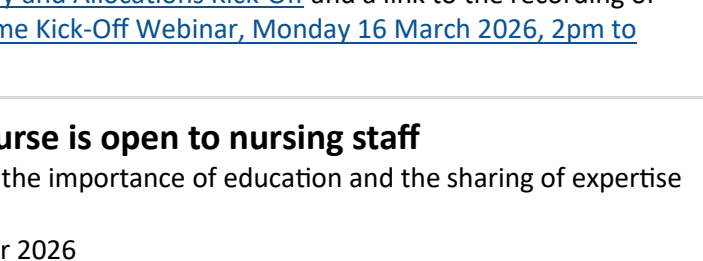

As the financial year is coming to an end and spring is starting to appear, we thought this would be the perfect opportunity to remind you of our NWL Health and Wellbeing Practice or PCN Temperature Checks.

If you have not yet had the opportunity to host one or keep thinking about it but thought you had missed your chance, its fine we have been given another year so why not join **66 of practices/PCNs** across NWL, that have now hosted and benefited from a temperature check.

You get up to £100 for lunch reimbursed (I am sure you and your team wouldn't say no to that), during the session we have a fun ice breaker and together we discuss and come up with ways to address some of the key things that are causing stress and anxiety at work. The top two currents themes that are discussed are '**Workload and Patients**'.

This also helps support your CQC domains, see below highlighted in yellow:

For more information and/or to book your session please contact the Hillingdon Training Hub Team on hillconfed.traininghub@nhs.net or Natasha England directly on natashaengland@nhs.net – Project Lead and Senior Facilitator for this Programme.
