This training has been organised by North West London ICB in collaboration with North West London Training Hub, in response to the new Enhanced Services Cardio-Renal specification.

Training | Champion Inclusion in your Workplace: Core Managers Programme Available Now

NHS England is pleased to confirm that the Core Managers Programme is now available on the NHS Learning Hub. The Learning Hub supports organisations and individuals across the NHS health and social care workforce, including staff who work in GP practices, Primary Care Networks, Community providers and Training Hubs to access the online Core Managers training courses free, provided they have an appropriate account e.g. Learning Hub, elfh, or NHS OpenAthens.

The [Core Manager Programme includes](#) a range of courses: **Inclusive Leadership in Health and Care, Inclusive Workplaces, Leading Inclusivity within LGBTQIA+, Sexual Safety in Healthcare, Increasing Disability Positivity, Effective Allyship in Health and Care, and Noticing and Challenging Microaggressions**, which support understanding, development of leadership skills in these areas and provide the tools for staff to advocate for others to promote an inclusive working environment for all who work in health and care.

For further information or support, please contact Valerie Richards, NHSE Equality, Diversity and Inclusion Programme Manager via: england.london.racestrategy@nhs.net

Training - shared on behalf of Brent Training Hub| Challenging Conversations (within teams) - Limited spaces

-Online: Thursday, 23rd July from 09:30 to 12:30 available to Nurses, Pharmacists & HCAs: [Register here](#)

There are only 18 spaces, so please book soon to avoid disappointment. Please note that the session will not be recorded
We are delighted to have Activation Business Theatre join us to bring this topic to life by acting out realistic scenarios in this interactive 3-hour workshop exploring the challenging conversations that staff encounter daily within their teams. Through realistic scenarios participants will learn practical techniques to manage these conversations confidently and effectively.

By the end of the workshop, participants will be able to:

- Handle difficult situations and conversations in a way that maintains positive team relationships.
- Manage interactions with angry or aggressive team members in a calm and professional manner.
- Apply simple, effective tools to stay resilient, composed, and in control when handling challenging conversations.

Training | Pride in Practice Programme

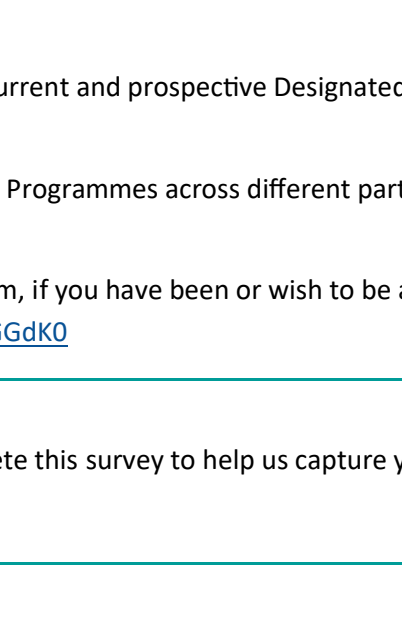

-Complete the EOI by Friday 31st July 2026: [Expression of Interest: Pride in Practice Programme – Fill out form](#)

The [LGBT+ Network NHS West and North London](#) are inviting practices to express an interest in participating in [Pride in Practice](#), a nationally recognised programme supporting primary care teams to deliver inclusive, high-quality care for Lesbian, Gay, Bisexual, Transgender, Queer (LGBTQ+) patients, which improves health outcomes and reduces inequalities. **If your practice is interested in taking part, please complete the EOI by Friday 31st July 2026: [Expression of Interest: Pride in Practice Programme – Fill out form](#)** The programme is endorsed by the Royal College of General Practitioners and the Royal Pharmaceutical Society and aligns with the CQC assessment framework. Participating practices will receive training, resources and support to improve LGBTQ+ patients' healthcare access, experience and outcomes, whilst reducing health inequalities and working towards Pride in Practice accreditation. Completing the questionnaire does not commit your practice to participation but will help us understand levels of interest and plan future delivery. This training is being funded by West and North London ICB. Only the first two questions are scored. The remaining questions are for the ICB's understanding of current practice and any future training/support needs. The form should take 5-10 minutes to complete. If you would like further information about the programme, please do not hesitate to get in touch — cmiller32@nhs.net

Training | Registration is now open for the 4th Annual Kidney Workshop.

-Wednesday 14th of October 2026 (08:30-13:30) -[Register here https://cassynl.com/s/nwl-kidney-2026](https://cassynl.com/s/nwl-kidney-2026) (open for GPs, Nurses, Pharmacists, PAs)

This year's theme, "Who Benefits from Treatment?", will explore the management of chronic kidney disease within the wider context of cardio-renal metabolic medicine, helping healthcare professionals identify which interventions are most likely to improve outcomes and quality of life for individual patients. The workshop also provides an excellent opportunity to share best practice and strengthen collaboration across local primary, community and secondary care teams. As in previous years, places are expected to fill quickly. Attendance is in person only, and registration will be offered on a first-come, first-served basis

Training | Clinical Supervision Training for GP Nurses

-11/09/26 or 12/09/26—[Apply here](#)

Do you want to train to be a Clinical Supervisor and be paid to run Clinical Supervision Sessions?

We surveyed several senior nurses in primary care in NWL to ask what was missing / what did we need to do more of, to support you all working in practice. Overwhelmingly, they asked for Clinical Supervision.

For GPNs to have clinical supervision sessions, we need CS facilitators – i.e. people to run the sessions. This training will aim to train anyone interested in doing this. The skills you gain from this training will also help with you being able to support other colleagues / trainees elsewhere. Please note the following information:

- If you sign up to this training, you MUST then agree to run sessions approximately 6-8 months of the year, starting in October 2026 and depending on the number of people who train to be a facilitator in your Borough.
- The sessions would be monthly and online, and you would be paid £50 per session (each session would be an hour and probably during a lunchtime).
- Alison, who is running the training sessions, will also try to attend your first session to help / support / guide you through this.
- 2-3 people per Borough will be able to access this training and then they will share the running of the sessions in their Borough going forwards.
- To apply to do the training, please click on the link and answer the relevant questions. We will note the answers and time of applying which will help to

Survey | NHSE Prescribing Infrastructure Project

The North West London Training Hub has been asked to undertake a piece of work in relation to Mapping and Training of current and prospective Designated Prescribing Practitioners (DPPs) and Designated Supervisors (DS) by NHS England Wt&E colleagues.

This piece of work will help to inform and build on capacity for Foundation Pharmacist Learning and Independent Prescribing Programmes across different parts of the NHS London system. [Clinical Pharmacist Designated Prescribing Practitioner Support Document](#)

If the relevant Healthcare Professionals could complete the linked survey below, which should take approx. 10 mins maximum, if you have been or wish to be a DPP/DS – This includes Pharmacists, GPs, Nurses, Paramedics and other roles who are Independent Prescribers. <https://form.typeform.com/to/qJkGGGok>

Survey | NWL Primary Care Physician Associate Role Survey

Some PAs have experienced changes to their role since recommendation from the Leng review were released. Please complete this survey to help us capture your experience and help ensure our PA workforce is working consistently and within its full scope across the boroughs we serve!
[Please share your views here!](#)

Upcoming Webinars:

- 15th and 22nd July 2026, both running 12 – 1pm: Cervical Screening Programme HPV self-sampling workshops** To register your interest [Team's form](#).
- 15th July, 12pm-12.30pm, GPPS 2026 [GP Patient Survey Publication Webinar](#).**
- 21st July 2026 – 1.00pm-2.00pm: Succession Planning & Partnership Change—[Full details/book: Succession planning & partnership change - Lunch & Learn - EQUIP](#)**
- 22 July, 12pm-1.15pm: Webinar: using prescribing data to tackle problematic polypharmacy-** Register for a place via [the event page](#).

Training:

Expressions of interest for PG Cert in Clinical Education

What is a PG Cert in Education?

The Post Graduate Certificate in Education is a yearlong course in a university and is all about learning how to teach, supervise, assess and evaluate within a Clinical setting. For example, you may want to become or already are a Nurse Education Lead in your PCN. This course will give you an excellent foundation to develop your skills and knowledge and enable you to further your educational career.

Who is the Training for?

The funding is aimed at General Practice Nurses who want to become involved in the Education and Training of others in the clinical setting.

When does the course start and What is the time commitment?

The courses start in September and last a full academic year. You will probably need to take a day out of work a week to complete this course during University term times. You will also need to allow time at weekends etc to complete assignments.

What are the entry requirements?

You need to have studied to degree level in the past to study at a Post Graduate level and you need to be a GPN working in a practice in NWL.

How is it funded?

There is a £5,000 bursary that covers the cost of the course which is paid directly to the university. There is also a bursary of £4,000 which will be provided to your employing practice for supervision and education support (and to possibly cover for when you are not working).

If you are interested in doing the PG Cert or would like more information, please complete the [Expression of Interest form](#) and send to sally.armstrong@nhs.net and a.olaogun@nhs.netby the 31st July.

Oliver McGowan training

Which tier of training you need to attend will depend on the nature of your role and how much you interact with patients. Both tiers are required to undertake two parts to complete this training, the parts and tiers are outlined below. Please ensure you book the right tier for your role.

Tier 1: staff with **indirect or occasional contact with patients**, i.e. non-patient facing roles.

Tier 1, Part 2 — various dates and times [book here](#) £7 per person*

More dates to be confirmed

Tier 2: staff with **regular or direct contact with patients** i.e. patient facing roles. This include all staff who provide care, support or make decisions, this is not limited to clinical roles.

Tier 2, Part 2 — various dates in person [book here](#) £40 per person*

More dates to be confirmed

*We are delivering this training using a cost-sharing approach. This enables us to support wider staff participation across the system, maintain a high standard of training delivery, and ensure can meet national requirements.

This year, the Training Hub is able to cover 50% of the training cost to widen access.

Please note that future funding from NHSE/ICB is not guaranteed, so employers may need to fully fund places in subsequent years.

Enhanced Services and CPD

If all dates are fully booked for a training session please join the waitlist, this allows us to know when there is sufficient demand for us to book new dates.

Accelerate Academy- Introduction to teaching and learning for healthcare professionals- this course is open to nursing staff

This course is completed over two days 09:30 – 16:00. **4th and 18 th November 2026—[Express your interest here](#)**

About the course: Developing skills in teaching and learning is an important part of modern healthcare. We firmly believe in the importance of education and the sharing of expertise and experience.

Please note : there are 4 spaces on each date available, so spaces will be allocated on first come first serve basis. Spaces will be allocated as 1 per borough and if left unutilised they will be allocated on first come first serve basis.
