NEWS

#AskAboutAsthma campaign

The 2026 babies, children and young people #AskAboutAsthma campaign is now underway

As 2026 marks ten years of our #AskAboutAsthma campaign, they're celebrating with a special anniversary theme: Ten years of Asking About Asthma.

The campaign website explains how you can support the initiative.

Shared on behalf of : Coalition for Personalised Care Team

We are delighted to announce that the Personalised Care Awards London 2026 will open for nominations on the 3rd of September and will be hosted on the 3rd of December at the Governors Hall London SE1 7EH.

These awards will celebrate the outstanding contributions of individuals, teams, and organisations who are making a difference through personalised care across London.

Who can nominate?
Nominations are open to anyone who wants to recognise and celebrate great work in personalised care, including but not limited to:

- Voluntary, Community and Social Enterprise (VCSE) sector organisations
- Local Authority teams and officers
- Greater London Authority staff and partners
- Integrated Neighbourhood Teams
- Carers – both unpaid and paid
- Nurses, allied health professionals, social workers, and other frontline staff
- Health and care leaders across primary, secondary, and community settings
- Members of the public who have experienced excellent personalised care

Whether it's a dedicated individual, a pioneering project, or an inspiring team, we encourage you to put them forward for recognition.

The categories for this year's Personalised Care Awards London Region are:

- Working Together Differently Award
- What Matters Award
- Shared Decision-Making Award
- Collaborative Working Award
- Seeing Me Award
- Choice and Control Award
- Giving Confidence Award
- Connecting People Award
- Living in a Digital Age Award
- Health Equity Award
- Using Our Money Well Award
- Green Award

For more information & to nominate (nominations will open on 3rd of Sep) click below

Training | Practice Manager and PCN Manager CPD support

◊ For questions please email nwl.traininghub@nhs.net or Download framework and application form

North West London Training Hub have launched a CPD programme for practice and PCN managers to access training and development opportunities otherwise not funded.

Up to £1,500 is available per PCN to support leadership, management, operational and professional development training relevant to the role. As funding is allocated at PCN level we encourage PCNs to agree locally how they wish to prioritise and use their allocation before applications are submitted.

Examples of suitable programmes include:

- NHS Leadership Academy programmes
- ILM/CMI leadership qualifications
- HR and workforce development training
- finance and contract management courses
- quality improvement and governance programmes
- project and change management qualifications
- digital transformation or data analytics training

See flyer for a range of training opportunities focussed on developing digital skills provided by the Knowledge Academy

This is not an exhaustive list, and PCNs may support other development opportunities where they meet an identified local need and the funding criteria.

Mentoring | LAUNCHING SEPT 2026 The WINGS II mentoring scheme

WINGS II is a mentoring programme for newly qualified GPs **working in North West**
London practices as a **GP** under the Additional Roles Reimbursement Scheme (ARRS)

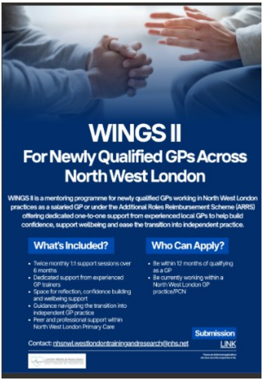
Apply via WINGS II Survey

What's Included?

- Twice monthly 1:1 support sessions over 6 months
- Dedicated support from experienced GPs / GP trainers
- Space for reflection, confidence building and wellbeing support
- Guidance navigating the transition into independent GP practice

Eligibility

- Peer and professional support within North West London Primary Care
- Be within 12 months of qualifying as a GP
- Be currently working within a North West London GP



WINGS II

For Newly Qualified GPs Across North West London

WINGS II is a mentoring programme for newly qualified GPs working in North West London practices as a salaried GP or under the Additional Roles Reimbursement Scheme (ARRS) offering dedicated one-to-one support from experienced local GPs to help build confidence, support wellbeing and ease the transition into independent practice.

What's Included?

- Twice monthly 1:1 support sessions over 6 months
- Dedicated support from experienced GP trainers
- Space for reflection, confidence building and wellbeing support
- Guidance navigating the transition into independent GP practice
- Peer and professional support within North West London Primary Care

Who Can Apply?

- Be within 12 months of qualifying as a GP
- Be currently working within a North West London GP practice/PCN

Submission LINK

Fellowship | Applications for NWL Fellowships 2026/2027 – NOW OPEN

We are excited to say that applications for the North West London Fellowship Programme 2026/27 are now OPEN. This is a fantastic opportunity for aspiring and established leaders working in General Practice across North West London to develop their leadership skills, contribute to local transformation priorities, and make a tangible impact on neighbourhood-based models of care.

The Fellowship provides one protected session per week (4 hours) for 12 months to undertake a project aligned to local borough and neighbourhood priorities. Fellows will be expected to complete a project plan, participate in programme learning events, and submit a final report and presentation outlining the impact of their work.

We are looking for enthusiastic, forward-thinking staff across NWL to undertake this fellowship.

Fellowships should be based on local borough needs but will also need to focus on improved implementation of neighbourhood based models of care. Your innovative project ideas should be discussed with local stakeholders to ensure viability and you will need to identify who will supervise your work.

Eligibility Criteria

- Be working in a substantive salaried role within General Practice or a Primary Care Network (PCN) in North West London for a minimum of 16 hours per week.
- Be either:
- a non-GP registered healthcare professional; or
- a non-clinical professional working within General Practice or a PCN.
- Ideally not have participated in a Fellowship Programme within the previous three years.

Funding

The Fellow's employer will receive £6,000 per fellow to support participation in the programme. This funding is inclusive of employer on-costs.

Deadline

Application Deadline: 5pm Monday 31st August 2026

We expect shortlisting and interviews to be carried out in September 2026 and for fellows to be onboarded and commencing their fellowships no later than the end of November 2026.

Application

Please complete the application form here – https://form.typeform.com/to/Caeg5lHl

Find out more about fellowships here including past project examples

Training | Coaching and Mentoring Skills for Managers

For Practice and PCN Managers only.

Develop coaching and mentoring skills and build confidence in supporting and developing your team.

This training consists of three modules;

1. a 90 minute online welcome session: an introduction to coaching and mentoring
2. a one-day in person workshop: learn the skills of coaching and mentoring and put this into practice in small groups
3. a 90 minute online follow up session : to reflect on learnings, discuss your experience in applying the skills in practice and explore additional tools and techniques

Cohort 1—book here

- **Welcome Session:** 1st Oct 2026 | 10:30 to 12:00 | Online
- **In-Person Workshop:** 7th Oct 2026 | 9:00 to 17:00 | Pembroke Centre, 90 Pembroke Rd, Ruislip, HA4 8NX
- **Final Review Session:** 2nd Nov 2026 | 12:30 to 14:00 | Online

Cohort 2 —book here

- **Welcome Session:** 1st Oct 2026 | 13:00 to 14:30 | Online
- **In-Person Workshop:** 8th Oct 2026 | 9:00 to 17:00 | Soho Centre for Health & Care, 1 Frith Street, London, W1D 3HZ
- **Final Review Session:** 4th Nov 2026 | 12:30 to 14:00 | Online

Note: You will need to attend all three sessions of your chosen cohort to complete this training. Due to the nature of the training we're unable to support staff attending sessions across different cohorts.

Training | HR Training

Whether you're new to managing people or looking to refresh your knowledge, this series of HR Essentials Training provides practical, bite-sized sessions designed for managers and leaders in primary care.

These webinars will cover key areas of people management and how to handle common workplace situations effectively. Each session will provide practical guidance, useful tips, and opportunities to ask questions.
Full session details will be shared closer to the time.

Webinar|Top tips on completing a comprehensive cancer diagnosis audit and cancer case study (CQIS)

2 dates available—Book here

◊ Thu, 10 Sept 2026, 1:30 pm

◊ Thu, 8 Oct 2026, 2:00 pm

Open to : **Tri-borough (Westminster, West London and Hammersmith and Fulham) & Hillingdon**

Every practice signed up to CQIS must be represented at one of these two webinars. Ideally send one person per practice — the clinician or manager who will be leading your audit.

Part of the Cancer Quality Improvement Scheme (CQIS) project, RM Partners west cancer alliance.

Attendance at one of these webinars is mandatory for practices who are taking part in the CQIS project. Ideally one member of each practice should attend one of the webinars. Practices do not need to attend both dates.

· See example of a completed audit

· Highlight common pitfalls when completing the audit

· Demonstrate how to use the staging assistance tool

· Example of a reflective case study

Webinar| Menopause Update

- September 3, 2026 @ 1:00 PM – 2:00 PM– book here

Speaker: Dr. Maryam Nasri

Sponsored by: Astellas Pharma

Session Overview

Join us for an upcoming webinar covering essential updates in menopause management and clinical care, featuring expert insights from Dr. Maryam Nasri.

About the Speaker

Dr. Maryam Nasri is a Consultant in Community Sexual and Reproductive Health at Central Middlesex Hospital (LNWUH NHS Trust) and a menopause specialist with over 20 years of experience in women's health.

As the Global Vice President and Chair of the Global Board of the College of Sexual and Reproductive Healthcare (CoSRH), she brings extensive expertise in clinical care, education, and professional leadership.

Her clinical background spans menopause and complex contraception clinics, integrated GUM services, and sexual assault care, enabling her to champion holistic, life-course approaches to healthcare delivery.

Webinar|Tobacco-related cancers - 'It still counts'

- Wed, 4 Nov 2026, 1:00 pm Time | 13:00-13:30pm– book here

Speakers:

NHS RM Partners NW & SW London Cancer Alliance:
Dr Geetali Sharma - Ealing & Hounslow Cancer Clinical Lead
Narinder Sinclair - Advance Nurse Practitioner and Cervical Screening Clinical Lead

Learning Outcomes: To raise awareness of non-cigarette tobacco-related products and cancers associated with these.

This webinar will focus on:

- Campaign overview
- Key messages
- Types of non-cigarette tobacco products
- How to approach conversations on non-cigarette tobacco products with patients
- Resources, research and referral pathways available

The campaign will provide a tailored primary care toolkit and digital resources to enable GP practice staff to promote via newsletters, social media and TV screens. This campaign is in partnership with Cancer Research UK and is supported by community pharmacies, local dental practices and community organisations across SW & NW London.

Survey| NHSE Prescribing Infrastructure Project

The North West London Training Hub have been asked to undertake a piece of work in relation to Mapping and Training of current and prospective Designated Prescribing Practitioners (DPPs) and Designated Supervisors (DS) by NHS England WT&E colleagues.

This piece of work will help to inform and build on capacity for Foundation Pharmacist Learning and Independent Prescribing Programmes across different parts of the NHS London system. Clinical Pharmacist Designated Prescribing Practitioner Support Document

If the relevant Healthcare Professionals could complete the linked survey below, which should take approx. 10 mins maximum, if you have been or wish to be a DPP/DS – This includes Pharmacists, GPs, Nurses, Paramedics and other roles who are Independent Prescribers. https://form.typeform.com/to/qjKGGdK0

Survey| NWL Primary Care Physician Associate Role Survey

Some PAs have experienced changes to their role since recommendation from the Leng review were released. Please complete this survey to help us capture your experience and help ensure our PA workforce is working consistently and within its full scope across the boroughs we serve!

Upcoming webinars

- Wednesday 26 August, 5pm-5.45pm. Consultation on proposals for single and multi-neighbourhood provider contracts: webinar
- Wednesday 26 August, 12-1pm Social prescribing link worker webinar on embedding equity, diversity, inclusion, belonging and cultural safety in everyday practice
- Wednesday 2 September, 10.30am–12pm – AI Ambassador Network meeting: AI & putting people first in health & social care.

Training:

Oliver McGowan training

Which tier of training you need to attend will depend on the nature of your role and how much you interact with patients. Both tiers are required to undertake two parts to complete this training, the parts and tiers are outlined below. Please ensure you book the right tier for your role.

Expressions of Interest forms

For some training we don't currently have training dates arranged, if this is training you would like please complete the relevant expression of interest form and we will be able to run training based on demand. Those who have expressed interest will also be notified when dates are arranged.

Supervisor courses

NWL Training Hub holds a waitlist for both the multi-professional and GP Supervisor courses, if

Multi-professional Supervisor Course Application form

GP Supervisor Course Application form

Pharmacy Educational Supervisor Training programme – available via eLFH

Useful links and Resources

Tier 1: staff with **indirect or occasional contact with patients**, i.e. non-patient facing roles.

Tier 1, Part 2 —various dates and times book here £7 per person*

More dates to be confirmed

Tier 2: staff with **regular or direct contact with patients**, i.e. patient facing roles. This include all staff who provide care, support or make decisions, this is not limited to clinical roles.

Tier 2, Part 2 —various dates in person book here £40 per person*

More dates to be confirmed

*We are delivering this training using a cost-sharing approach. This enables us to support wider staff participation across the system, maintain a high standard of training delivery, and ensure can meet national requirements.

This year, the Training Hub is able to cover 50% of the training cost to widen access.

Please note that future funding from NHSE/ICB is not guaranteed, so employers may need to fully fund places in subsequent years.

Enhanced Services and CPD

If all dates are fully booked for a training session please join the waitlist, this allows us to know when there is sufficient demand for us to book new dates.

Clinical Supervision Training for GP Nurses

- 11/09/26– fully booked or 22/09/26– spaces available—Apply & read more here

Do you want to train to be a Clinical Supervisor and be paid to run Clinical Supervision Sessions?

We surveyed several senior nurses in primary care in NWL to ask what was missing / what did we need to do more of, to support you all working in practice. Overwhelmingly, they asked for Clinical Supervision.

For GPNs to have clinical supervision sessions, we need CS facilitators – i.e. people to run the sessions. This training will aim to train anyone interested in doing this. The skills you gain from this training will also help with you being able to support other colleagues / trainees elsewhere.

NEW New To Immunisation 2-day Training

- 14th & 15th October book here

This two-day immunisation programme is delivered as a blended course, comprising a 3.5-hour live webinar followed by one full day of face-to-face training. The course aligns with the updated standards published and includes a dedicated focus on the management of misinformation and disinformation, recognising their increasing impact on immunisation practice and patient engagement.

October Cohort Dates

Day 1: 14th October 2026	Online	09:00 - 12:45
Day 2: 15th October 2026	Harrow Baptist Church, College Rd, Harrow HA1	09:00 - 17:00

Care navigation development from Peak Health Coaching

- Tuesday 22nd of September 9.00-12.00

Book here

Participants will:

- Understand what Care Navigation is and isn't (according to the HEE 2016 framework)
- Appreciate the concept of "What matters to you?"
- Raise awareness of the tools of care navigation
- Be able to encourage patients to think for themselves
- Feel comfortable to have care navigation conversations.

Hosted on Zoom by Dr Ollie Hart, Clinical Director, Peak Health Coaching

Other Training & Events - not run by NWL Training Hub

New Free RCGP London Webinars | Supporting patients experiencing gambling harms

- **Thursday 15 October** | 12:30 – 13:45 | Online | book here
- **Thursday 26 November** | 12:30 – 13:45 | Online | book here

Patients in London are experiencing gambling harms at nearly double the national average (5.6% compared with 2.9% nationally). Primary care teams are in a unique position to identify gambling harms early and help patients access the support they need.

Join us for this FREE RCGP webinar, where Dr Emma Ryan, RCGP Clinical Champion for Gambling Harms, will provide practical guidance on identifying, assessing and supporting patients experiencing gambling harms.

What you'll learn:

The NICE guideline on gambling-related harms (January 2025).

How to identify gambling harms in primary care.

Local referral pathways and support services across London.

Practical tools and resources to support conversations with patients.

By attending one of these live webinars, your GP practice will receive the RCGP Gambling Harms Practice Resource Pack and an RCGP Gambling Harms Accredited Practice Certificate, recognising your practice's commitment to improving the identification and support of patients experiencing gambling harms.

Who should attend?

GPs, practice nurses, clinical pharmacists, social prescribers, health and wellbeing coaches, care coordinators and practice managers.

You have to attend both days to successfully finalise this training.

NEW Non-medical prescribing update

- 4th November 9:00 to 12:30 join waitlist
- 20th April 2027 9:00 to 12:30 book here

This session is suitable for **any prescriber** who would like an update on current issues in prescribing practice. It also offers an opportunity to network online with other prescribers.

This collaborative learning event will count as a minimum of 3 hours of CPD for your revalidation with preparation study time to be added.

Attendees will develop their knowledge of :

- Principles for safer prescribing
- Prescribing in children, frailty and renal impairment
- Prescribing for in acute & long term conditions
- Medico-legal and ethical issues in healthcare

Accelerate Academy- Introduction to teaching and learning for healthcare professionals- this course is open to nursing staff

-This course is completed over two days 09:30 – 16:00. 4th and 18 th November 2026—Express your interest here

About the course: Developing skills in teaching and learning is an important part of modern healthcare. We firmly believe in the importance of education and the sharing of expertise and experience.

Please note : there are 4 spaces on each date available, so spaces will be allocated on first come first serve basis. Spaces will be allocated as 1 per borough and if left unutilised they will be allocated on first come first serve basis.

Membership Opportunity | Queen's Institute of Community Nursing (QICN)

-Expression of Interest form

The QICN offers organisational membership for nursing staff in primary care, including GPNs, Nursing Associates, Training Nursing Associates, ACPs, and other nursing colleagues.

Members receive access to:

- **Monthly webinars** covering topics such as wound care, vaccines, IPC, long COVID, research, and mentoring
- **Innovation webinars** showcasing Quality Improvement projects and good practice
- **Monthly newsletter** with updates, webinar links, and deadlines

Travel Health Updates

- 7 October, 13:00—16:00 book here spaces available
- 17 November, 13:00—16:00 book here spaces available

Child Immunisation Updates

New Transgender Healthcare Sessions

-Various dates– book here

The Central London Training Hub is pleased to announce that Dr Joanna Lovett has provided additional transgender healthcare training dates for both clinical and non-clinical staff working within primary care.

GP surgeries are often the first point of contact for transgender and non-binary patients. Primary care teams therefore play an important role in day-to-day care including referrals, screening, monitoring, treatment support, and wider healthcare needs.

With increasing demand, long waiting times for gender identity services, and limited access to specialist advice, this training aims to improve confidence, knowledge, and understanding across primary care teams.

- Clinical & non-clinical sessions
- Safe discussion space
- Practical primary care focus
- Interactive learning

Why this training matters

Due to the complexities surrounding transgender healthcare and the limited access to specialist support services, many GP teams can find it challenging to confidently support transgender and non-binary patients.

This training provides practical guidance, current context around gender identity services, and a clearer understanding of the lived experiences and healthcare needs of patients accessing care. Inclusive, informed, and compassionate care can significantly improve patient experience, trust, and access to healthcare services.

What the training includes

01: Overview of current gender identity services
02: Understanding gender dysphoria and transgender healthcare
03: Patient lived experiences and barriers to care
04: Treatment pathways, screening, monitoring, and referrals

New Reasonable Adjustment Digital Flag Webinar

-Wednesday, 16 September, 12:30 pm book here

Please join us for our next education session, covering the Reasonable Adjustment Digital Flag, with a focus on use for people with learning disabilities. It is open to anyone working in health and care.

The Reasonable Adjustment Digital Flag is now law. It enables health and care professionals to record, share and view the details of reasonable adjustments across the NHS and social care. It has the potential to transform the experience of care for the most vulnerable people in our communities. Whilst we know that many organisations are starting to record reasonable adjustments, this webinar will help update professionals who are less familiar or new to the flag.

This webinar is open to anyone working in health or care with patients requiring reasonable adjustments. The webinar will have a particular focus on use with patients with learning disabilities.

The session is led by Patricia Handley, Health Improvement Senior Manager – Learning Disabilities for NHS England, London Region.

Please note the webinar will be recorded.

This webinar supports the NHS England Patient Safety Collaborative programme on reducing harm from psychotropic medicines used for behaviours that challenge in people with a learning disability.

It is hosted by the three HINs for London - UCL Partners, HIN South London and Imperial College Health Partners. For more information please email hin.pse@nhs.net

New Webinar on understanding conditions commonly associated with ADHD

- 8 September, 12 - 12.45pm– book here

Healthcare Central London is hosting a webinar for GPs and healthcare professionals on 8 September, 12 - 12.45pm. The session will be led by Dr Balu Pitchiah, Consultant Psychiatrist and Clinical Lead at Healthcare Central London, and will focus on conditions that commonly co-exist with ADHD, drawing on his experience supporting neurodiverse patients, including people with ADHD, high-functioning autism and neurodivergent women during perimenopause.

Through real-world clinical case studies, attendees will get support to:
identify the most common conditions that co-exist with ADHD
distinguish ADHD from overlapping mental health presentations
recognise when ADHD may be contributing to poor treatment response
understand how comorbidities influence management decisions
refer appropriately for specialist assessment apply learning to everyday primary care practice.

- 23 September, 13:00—16:30 book here spaces available
- 8 October, 13:00—16:30 book here spaces available
- 18 November, 13:00—16:30 book here spaces available

3-hour online child immunisation updates for experienced practitioners; usually nurses, nursing associates and pharmacists, delivering child immunisations already.

Motivational Interviewing for Cardio-Renal Care– Live Online Interactive Study Day

- book here

· 15 September, 09:00–16:00—spaces available

· 01 October, 09:00–16:00—spaces available

This training is for: GPs, Nurses, ARRS staff, Allied Health Professionals, Cardio-renal teams (clinical & non-clinical)

If you spend your time telling people what they should / could / need to do — this is for you.

This is a live, online, interactive training for the whole cardio-renal team — from non-clinical staff to senior clinicians. Practical focus. Real scenarios. No death-by-PowerPoint. No awkward role play.

CYP Asthma Inhaler Technique Training — Further Cohorts Now Scheduled

Further cohorts of the Enhanced Service Inhaler Technique (NWL CYP Asthma, Tier 3-aligned) training have been scheduled. This training is aimed at nurses, pharmacists, GPs and AHPs involved in asthma and COPD chronic disease management. Please note that bookings from Healthcare Assistants and Nursing Associates will not be accepted.

This training is suitable for those who have not yet attended. If you have already completed the training, you do not need to attend again — if you book, you will be placed on the waiting list and if spaces are available closer to the date you will be contacted.

Book your space:

·book here—spaces available

ECG Interpretation Foundation -a face to face session for GPs & ACPs.

-27 November, 9:00—16:00 book here @ Harrow Baptist Church, HA1 1BA spaces available

This is for GPs and ACPs who haven't already attended the interpreting ECG Course.

Refresher Interpreting ECG course

- 18 September, 12:30—14:00 book here spaces available

The refresher ECG course re-introduces a systematic approach for GPs who interpret ECGs to adopt a system that ensures every ECG is interpreted correctly every time. The focus will be on common scenarios that cause concern in primary care with a focus on red-flag ECGs.

This course is for GPs and ACPs who have already attended the interpreting ECG Course

Adult Phlebotomy

- 7 October, 9:15 – 16:30 book here @ Harrow Baptist Church, HA1 1BA spaces available
- 3 December, 9:15 – 16:30 book here @ Dawes Road Hub, SW6 7EN spaces available

This face to face session has been developed to allow learners the opportunity to practice their skills on high quality simulated arms.

Advanced Diabetes Course

For GPNs and Pharmacists – you must have attended the foundation course before attending this advanced course.

GPs – please be sure to provide a summary of your diabetes related work undertaken. Express your interest here

Advanced diabetes Update course: This course if for:

Those who finalised Advanced diabetes (2.5 days Injectable therapies course)

Express your interest here

New Multi-professional educational forum: Lifestyle medicine in primary care

-Wednesday 30 September 2026, 1pm – 2pm. - book here

- hosted by Central London Community Healthcare Training Hub

Suitable for all primary care professionals, this evidence-based session will explore the role of lifestyle medicine in preventing and managing chronic disease and improving long-term patient outcomes.

Attendees will learn about practical lifestyle intervention strategies and tools that can be integrated into routine clinical practice to support patient care.

New Hot Topics Introduction to AI in Primary Care Clinic

-Tuesday, 15th September 2026, at 7:30 pm - 9 pm.– book here

How confident do you feel about the use of artificial intelligence in general practice? Do you understand what AI and large language models (LLMs) actually are, where they can add value and where their use may be inappropriate or unsafe? Are you familiar with the current regulatory and information governance framework that should guide their use in clinical practice?

Join this **FREE 90-minute webinar**, a collaboration between NB Medical and Geeky Medics, as we explore the fundamentals of AI in primary care. We will demystify the technology, examine practical applications for both administrative and clinical work, discuss governance and patient safety considerations and explore how the growing use of AI by both clinicians and patients is changing the consultation. This practical, introductory session will provide a clear, balanced and clinically relevant overview of one of the most important developments in modern healthcare.

New Pan-London Webinar: Universal Care Plan

When: Tuesday 6 October, 12.30pm - 1.30pm. Please click here to register for the session

Why Join: This pan-London webinar will provide a practical overview of the Universal Care Plan (UCP), an NHS service and digital tool used to record and share people's personalised care and support needs with health and care professionals across London. Delivered by Sarah Fischer and Sara Lewis from the Universal Care Plan Programme team, the session will explore how the UCP can support more personalised care for people with a learning disability, including the use of dedicated fields to capture needs, preferences and reasonable adjustments.

You will have the opportunity to put forward any questions in a Q&A.

New Education for Health & GSK: COPD Virtual Webinar Series

Education for Health is delighted to partner with GSK on a virtual event series exploring the latest advancements in COPD management.

1. The Role of Type 2 Inflammation in COPD

Join this 90-minute educational webinar to explore the impact of type 2 (T2) inflammation, covering:

- The importance of recognising T2 inflammation and its role in COPD and exacerbations.
- The correlation between T2 inflammation, disease severity, lung function decline, and increased hospitalization risk.
- **Monday 14 September 2026 | 19:00 – 20:30 | Online | Register Here**

2. The Burden of COPD Exacerbations

Join this 90-minute educational webinar focusing on why every exacerbation counts, covering:

- The urgency of preventing exacerbations and their cumulative impact on mortality and long-term lung function.
- The burden of severe exacerbations on patients and healthcare systems, including wider economic and societal costs.
- **Wednesday 16 September 2026 | 12:30 – 14:00 | Online | Register Here**

Meet the Guest Speaker: Jacqui Pollington

Jacqui is a Clinical Lead for a nurse-led community service providing comprehensive respiratory diagnostics, long-term management, and exacerbation support. Her extensive clinical background spans asthma, COPD, hospital-at-home care, pulmonary rehabilitation, oxygen assessments, bronchiectasis, COVID virtual wards, and tobacco dependence.

Anti-Burnout for Health and Social Care.

When: 15th September AND 30th September 1 – 5 PM Where: The Abbey Centre, 34 Great Smith St, London SW1P 3BU

Book here

Designed specifically for professionals working in high-pressure healthcare environments, this practical and interactive programme provides evidence-based tools to help you manage stress, improve resilience, prioritise your workload, and maintain a healthier work-life balance. The programme is based on neuroscience and was developed by former GP Dr Rachel Morris, drawing on the realities of frontline healthcare.

Infection prevention and control refresher training

- Online– 30/09/26 - Book your free place via Eventbrite

The NHS England Public Health Infection Prevention and Control Team has supported GP practices across four London systems through infection prevention and control (IPC) audits, training, advice and guidance, and would like to thank practices for their engagement, collaboration and commitment to improving infection prevention and control standards.

As this programme comes to a close, the team is offering a final infection prevention and control refresher training session for practice staff on Wednesday 30 September 2026, 1 - 3pm.

The webinar will provide IPC training, advice and support for all staff working in GP practices.

Practices can also continue to access support via email for general IPC queries and advice relating to new builds and refurbishment projects. All queries will be addressed by members of the team in a timely manner.

NHS cervical screening webinar: Wednesday 9 September, 12pm–1pm

-Wednesday 9 September, 12pm–1pm - book here

As part of ongoing efforts to improve access to cervical screening and support the ambition to eliminate cervical cancer by 2040, the NHS cervical screening programme is introducing an initial HPV self-testing offer for eligible women and people with a cervix who have not attended cervical screening following previous routine invitations.

A webinar will be held on Wednesday 9 September, 12pm–1pm to provide an overview of the new pathway, including the clinical pathway, operational arrangements, training and implications for primary care. Register here to attend the NHS cervical screening programme webinar.

Building Strategic Commissioning Narratives: Shaping local system development session

- 02 Sept 2026
- 14 Oct 2026

Find out more and register your interest via the training hub website.

Central London Community Healthcare Training Hub is offering a learning opportunity focused on the future of strategic commissioning in the context of NHS reforms and the 10-Year Health Plan. The session will explore key themes including neighbourhood and system-wide working, influencing and stakeholder engagement, and practical strategies for leading local change. Designed for those involved in commissioning, transformation and service development, it aims to support participants in shaping effective commissioning narratives and understanding their role in developing integrated local health and care systems.

Thank you from the NWL Training Hub Team

Help shape future neighbourhood cancer care

-**29 – 30 September 2026 in Wembley.**

Interested colleagues can register via the expression of interest form.

RM Partners Cancer Alliance is recruiting participants for a neighbourhood cancer simulation taking place on **29 – 30 September 2026 in Wembley.** Bringing together system partners from health, local authorities, community services, the voluntary sector and lived experience groups, the simulation will test opportunities to deliver the NHS three shifts for people with cancer, with a particular focus on the treatment and recovery phase of care. Colleagues are invited to take part in one of three simulation layers:

- care and coordination – frontline professionals from health, care, cancer and community services, and the voluntary sector
- operational management – operational leaders, service managers, workforce leads and coordination professionals
- place leadership – senior leaders and decision-makers from across the system.

The simulation aims to test new models of care, including evidence-based community interventions and digitally enabled care models, to support more cancer care closer to home.

The 4th Annual Kidney Workshop- Registration is now open for the 4th

-Wednesday, October 14, 2026

-Register here https://cassyni.com/s/nwl-kidney-2026 - **In person only attendance at W12 conferences Hammersmith House, Du Cane Road W12 0HS**

This year's theme, "Who Benefits from Treatment?", will explore the management of chronic kidney disease within the wider context of cardio-renal metabolic medicine, helping healthcare professionals identify which interventions are most likely to improve outcomes and quality of life for individual patients. The workshop also provides an excellent opportunity to share best practice and strengthen collaboration across local primary, community and secondary care teams. As in previous years, places are expected to fill quickly. Attendance is in person only, and registration will be offered on a first-come, first-served basis.

Pan-London HIN COP Reducing harm from psychotropics used for behaviour that challenges in people with a learning disability

-Wednesday 30 September, 12.30pm – 13.30pm. Please click here to register.

Join colleagues from across London for our second pan‑London Health Innovation Network (HIN) Community of Practice (COP), supporting the NHS England Patient Safety Collaborative programme on reducing harm from psychotropic medicines used for behaviours that challenge in people with a learning disability.

This safe, supportive space brings together system partners to share best practice, problem‑solve real‑world challenges, and surface common issues affecting people and services across London. This third session will be held on **Wednesday 30 September, 12.30pm – 13.30pm.** This COP is hosted by the three HINs for London; UCL Partners, HIN South London and Imperial College Health Partners

Pan-London Education Session: Introduction to Positive Behaviour Support (PBS)

-Tuesday 8 September, 12:30–1:30pm-Please click here to register.

On behalf of Rhianna Mobile, Lead Behaviour and Wellbeing Practitioner, South East London - STOMP Team, we invite you to a **pan-London education session** on **Positive Behaviour Support (PBS)** on Tuesday 8 September, 12:30–1:30pm. This introductory session will provide an overview of Positive Behaviour Support (PBS), including what PBS is, the principles that underpin the approach, and how it can be used to support people with learning disabilities. The session will also include practical case studies demonstrating how PBS can be applied in practice to improve wellbeing and reduce behaviours that may challenge. Who should attend: Primary care teams and those interested in deprescribing psychotropics for people with a learning disability. The session will be recorded for those unable to attend.
