

Applications for NWL Fellowships 2026/2027

Closing Date 31st August

This is a fantastic opportunity for aspiring and established leaders working in General Practice across North West London to:

- ❖ **develop your leadership skills**
- ❖ **contribute to local transformation priorities**
- ❖ **make a tangible impact on neighbourhood-based models of care**

What it entails:

The Fellowship provides one protected session per week (4 hours) for 12 months to undertake a project aligned to local borough and neighbourhood priorities.

Fellows will be expected to complete a project plan, participate in programme learning events, and submit a final report and presentation outlining the impact of their work.

Fellowships should be based on local borough needs but will also need to focus on improved implementation of neighbourhood based models of care.

Your innovative project ideas should be discussed with local stakeholders to ensure viability and you will need to identify who will supervise your work.

Who Can Apply:

- Registered healthcare professional eg. Practice Nurses, Pharmacists, Paramedics (excludes GPs)
- Non-clinical staff eg. Practice Managers, PCN Managers and Transformation Leads

Eligibility Criteria:

- Be working in a substantive salaried role within General Practice or a Primary Care Network (PCN) in North West London for a minimum of 16 hours per week
- Be either:
 - a non-GP registered healthcare professional; or
 - a non-clinical professional working within General Practice or a PCN.
- Not have participated in a Fellowship Programme within the previous three years

Deadline

Application Deadline: 5pm Monday 31st August 2026

Interviews will be in September; Fellowship commences by end of November.

Application

Please complete the application form here – <https://form.typeform.com/to/Caeg5IHl>

Funding

The Fellow's employer will receive £6,000 per fellow to support participation in the programme. This funding is inclusive of employer on-costs.

If you have any questions please email nwl.traininghub@nhs.net.

Announcements

NHS IPC Refresher Training for General Practice **Final Session** Wed 30th Sept 13:00-15:00 [Register on Eventbrite here](#)

Delivered by NHSE England on MS Teams – suitable for all roles working in London ICBs General Practice.

Non Medical Prescribing Update 2 new dates available

4th Nov or 20th April 2027 09:00-12:30 [Register here](#)

This session is suitable for **any prescriber** who would like an update on current issues in prescribing practice. It also offers an opportunity to network online with other prescribers. This collaborative learning event will count as a minimum of 3 hours of CPD for your revalidation with preparation study time to be added.

**Funded opportunity
to study deprivation healthcare**
8 places available open to anyone
working in Hammersmith & Fulham

The [Health and Care Partnership](#) in H&F is offering to fund the course fees for 8 people from across H&F to attend the [Deprivation Healthcare LSBU program](#).

This multi-award-winning programme is designed to help people better understand the causes and consequences of health inequity and support them to build the neighbourhood-level relationships needed to implement grass roots change.

Open to anyone working in H&F, irrespective of sector or level of seniority.

Previous H&F participants have included PCN Managers, social prescribing link workers, PCN health and wellbeing coaches, as well as staff from the VCS.

During the program, participants are supported to identify, critically analyse and propose a change project around an issue of inequity within their own context. You will develop connections across sectors and within neighbourhoods as part of the process.

How to Apply:

- More details and the application form can be found [via this link](#)
Please mention that you are applying for an H&F funded place as part of your supporting statement
- The deadline for applications is August 28th 2026
- Successful applicants will be notified at the start of September, with the program itself starting on September 25th 2026
- Please contact jessica.mathews@nhs.net at the H&F Training Hub for any queries.

HR Training Series for all Practice & PCN Staff

Whether you are new to managing people or looking to refresh your knowledge, this series of HR Essentials Training provides practical, bite-sized sessions designed for managers and leaders in primary care.

These webinars will cover key areas of people management and how to handle common workplace situations effectively. Each session will provide practical guidance, useful tips, and opportunities to ask questions.

Coaching and Mentoring Skills for Managers For Practice and PCN Managers only

This training consists of three modules:

- **90 minute online welcome session:** an introduction to coaching and mentoring
- **One-day in person workshop:** learn the skills of coaching and mentoring and put this into practice in small groups
- **90 minute online follow up session:** to reflect on learnings, discuss your experience in applying the skills in practice and explore additional tools and techniques

Coaching is considered to be one of the most effective ways to develop leadership and managerial skills.

By the end of the programme, participants will be able to:

- Understand the difference between coaching and mentoring
- Use core coaching and mentoring techniques effectively
- Structure productive development conversations
- Support colleagues to identify solutions and take action
- Apply coaching and mentoring skills to real workplace challenges

*Models for Delivering STOMP in Primary Care
& the second pan-London Community of Practice*

Introduction to Positive Behaviour Support (PBS)

When: Tuesday 8 September, 12:30–1:30pm

Why Join: Delivered by Rhianna Mobile, Lead Behaviour and Wellbeing Practitioner, South East London - STOMP Team. The session will focus on overview of PBS, principles that underpin the approach, how to use PBS to support people with learning disabilities and practical case studies. You will have the opportunity to for questions in a Q&A.

[Please click here to register for the session](#)

Reasonable Adjustment Digital Flag

When: Wednesday 16 September, 12:30-1:15pm

Why Join: The session will be delivered by Patricia Handley, Health Improvement Senior Manager - Learning Disabilities, NHS England London Region. The session will provide a practical introduction to the Reasonable Adjustment Digital Flag, including how reasonable adjustments can be recorded, shared and viewed across services. It will also explore how the flag can support more personalised care and improve healthcare experiences for people with learning disabilities. You will have the opportunity for any questions in a Q&A.

[Please click here to register for the session](#)

Pan-London Community of Practice: Reducing harm from psychotropics used for behaviour that challenges in people with a learning disability

When: Wednesday 30 September, 12.30pm – 13.30pm.

Why Join: This safe, supportive space brings together system partners to share best practice, problem-solve real-world challenges, and surface common issues affecting people and services across London.

[Please click here to register for the session](#)

As this is a Community of Practice and is intended to be a safe space for open discussion, this session will not be recorded; thus, please ensure you can join us on the day.

Organised by London Health Innovation Networks (HINs), UCLPartners, Imperial College Health Partners, and HIN South London as part of the Medicines Safety Improvement Programme.
