GP Supervisor Course

NHS England Workforce, Training and Education Directorate (WT&E) provides a fully funded GP supervisor course for GPs who want to become a GP educational supervisor (GP trainer) or clinical placement supervisor for health care placements in primary care in London. See NHSE Guidance for more information.

GP Supervisor cohorts for Spring/Summer have now been released, and the EOI form is open for GPs to apply.

Things to note:

There are limited spaces available on the course so priority will be given to:

- Boroughs with lower numbers of GP Supervisors.
- Previous applicants who did not meet the eligibility criteria at the time of their application but now do.

The EOI form will only allow submission where all essential criteria are met:
Applicants who do not meet the criteria will be advised to review the requirements and applying for a future cohort.

Eligibility Criteria is as follows:

- Substantive GP role in London (salaried or partner, minimum 4 clinical sessions per week).
- At least 2 years post-CCT (or equivalent).
- Availability to attend all online sessions over 11 weeks (3 hours weekly; approximately 45 hours total).
- Capacity and support to train Foundation Doctors and/or GP specialty trainees within 1 year of completion.
- Attendance at the local clinical and educational supervisor workshop.
- Commitment to complete an application form and assessment with the ICS Training Hub to formalise the application to become a Primary Care Educator.

Apply here BY 19TH Nov Deadline:

Suicide Prevention Training
New Dates 12TH Nov, 15th Nov, 1st Dec
Clockwork Building (W6 9AR)

This free suicide intervention training, available to professionals working in Hammersmith & Fulham, is for anyone who might meet or know someone showing signs of suicidal behaviour. The course gives participants information and advice to prepare them for the moment when they might need to support someone in distress and offers them the skills and confidence to initiate and manage a conversation with someone who appears to be feeling suicidal and connect them securely with further support.

The course includes:

- **Information about what to do if you see someone in distress.**
- **Exploration of how to show someone you want to support them.**
- **Dos and don'ts of supporting someone in distress.**
- **Techniques for active, non-judgmental listening.**
- **Discussion of myths and concerns about suicide.**
- **Advice on signposting to ongoing support.**

The three-hour, face-to-face, interactive session is facilitated by **The Listening Place**, a charity which is expert in providing active, compassionate, non-judgmental, face-to-face support for people who feel that life is no longer worth living.

The next available sessions are on 12TH Nov, 15th Nov, 1st Dec at 9:30am, with more dates in November and December.

Peer Support and Action Learning Set Training

Creating positive spaces for peer support, shared learning and reflection

Action Learning Sets provide a supportive and confidential space for colleagues to share challenges, learn from each other's experiences, and gain fresh perspectives and practical support.

This training programme will equip participants with a simple, practical framework to facilitate effective peer learning groups and create an environment where colleagues can think at their best.

The programme includes:

- **One full-day session via Zoom** to explore how to create the right environment for effective peer support and learn practical facilitation techniques.
- **A half-day follow-up session two months later** to reflect on experience, build confidence and consolidate learning.

You can find out more about the course from Dr Tim Williams who explains more here

Who should attend?

All roles, Clinical and non-clinical, practice & PCN.

Places are limited. Participants must have the opportunity to put their learning into practice.

By the end of the programme, participants will be able to:

- **Create a supportive environment** that enables everyone to think at their very best
- **Identify the right questions**, reflect and improve support they provide to clients
- **Recognise value of independent thinking** in developing confidence and solutions
- **Facilitate/participate in Action Learning Sets** to support their's & others' learning
- **Establish a safe and confidential space** where colleagues can openly share

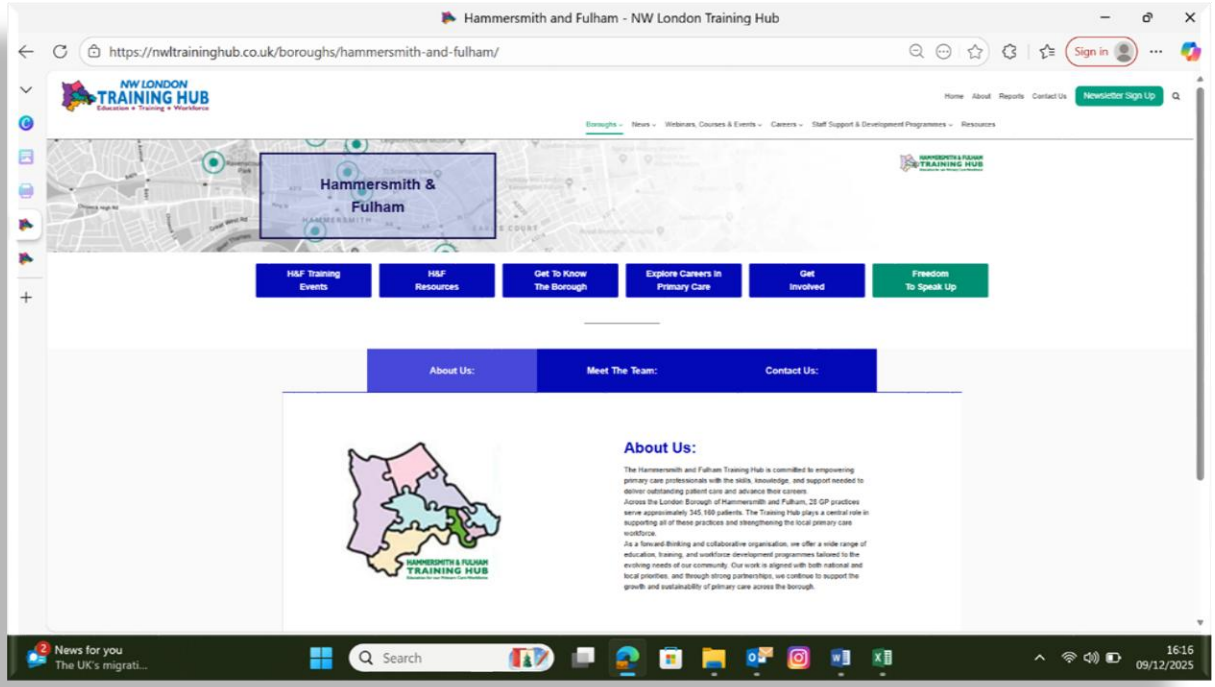

Evaluation of the sessions by NHSE reveals several key insights and benefits:

- Significant improvement in participants' skill levels - particularly in coaching, managing difficult conversations, and developing direct reports.
- Improved Confidence and ability to handle complex issues: find innovative solutions, develop plans, and deal with problems when they couldn't always find a solution.
